Themis Bar Succes Resources

Dear 1L and 1E Students,

We hope your fall semester has begun well! We are excited that you are part of our community and are eager to support you as you begin your legal education. As you embark on this journey, you'll find that UBalt Law is committed not only to your success in the classroom but also to your long-term success as a lawyer.

As part of that commitment, we are pleased to introduce a new Institutional Partnership with Themis Bar Review (a UWorld company), one of the nation's leading providers of bar preparation programs. Through this partnership, you'll receive bar success resources beginning in your first semester and continuing throughout law school, helping you build the knowledge, skills, and confidence needed to succeed on the bar exam and in practice.

Rather than viewing bar preparation as something that begins after graduation, UBalt Law has adopted a comprehensive, start-to-finish approach that integrates bar success into your legal education from day one.

As a first-year student, your resources include:

Themis First-Year Law School Essentials, designed to supplement your 1st year doctrinal courses.

This program includes:

- On-demand substantive lectures
- Outlines
- Key concept sheets
- Practice essay and multiple-choice questions with corresponding answer rationales and sample answers
- 1L Subjects: Civil Procedure, Constitutional Law, Contracts and Sales, Criminal Law, Real Property, and Torts
- Themis 1L Skills for Success (found in the First Year Law School Essentials course), which provides guidance on the foundational skills every law student needs, including:
    - Reading and briefing cases
    - Taking effective class notes
    - Outlining
    - Preparing for final exams
    - Developing successful study strategies
- UWorld QBank, with approximately 2,000 practice multiple-choice questions, available to you throughout law school

We encourage you to take advantage of these materials early and often. They are designed to complement your coursework, reinforce classroom learning, and help you build confidence every step of the way as you steadily build the substantive knowledge and skills you'll need for the bar exam.

Of course, if anything you see in these materials appears different from what you are learning in your courses, you should discuss it with your professor, who will be happy to clarify. Some of your professors may also incorporate such materials in your courses. As you progress through law school and during the partnership, you will retain access to the first-year materials and also receive access to upper-level resources.

The partnership also looks ahead to graduation. As you approach the end of law school, you will have the option to enroll in the Themis post-graduation bar review course at an exclusive, significantly reduced rate. That course is backed by the Themis Pass Guarantee, which allows you to repeat the program free of charge for up to two years from your original exam date if you need to. The Bar Success Fees you pay each semester during law school are credited toward the cost of that course. Themis will provide cost information directly, including your final enrollment cost and instructions, as you near graduation.

Soon, you will be receiving an email directly from our institutional partner, Themis Bar Review, with your login information. This information will arrive from noreply@uworld.com. If you do not see this come through within the week, be sure to check your SPAM folder.

For additional information on the Institutional Partnership, please see our FAQ.

We look forward to supporting your success.

Sincerely,

Office of Academic Affairs
University of Baltimore School of Law
