GET INVOLVED
GAIN VALUABLE SKILLS
MAKE NEW FRIENDS
HAVE FUN
A University of Baltimore education is not just about the classroom experience. It is about discovering your purpose and cultivating the courage to contribute and lead in your community. We are here to support and guide you to the plethora of opportunities and experiences available to you. It is our hope you will discover the principles that will guide your life beyond the University.

Because here, knowledge works.

Learn more about the opportunities within Student Success and Support Services at ubalt.edu/studentaffairs.

I would not be where I am today if it wasn’t for the opportunities Student Affairs gave me to find myself and try things. That’s really great for UB because it gives people the opportunity to find out what they are passionate about and develop skills they need to make their dreams a reality.

—Iz Paige, B.A. ’14, M.A. ’17 and current law student
COMMUNITY

UB is a vibrant learning community characterized by mutual respect, civility, service, engagement, academic rigor, inclusion, professionalism and support. UB itself is a community where you will be challenged to learn, develop, grow and achieve, and you will be well-supported throughout this process.

LEADERSHIP

Bold leadership is a fundamental skill that the world needs. A focus on leadership skill development will improve your ability to advocate for yourself and others; enhance your performance on teams and in groups; assist you in identifying and resolving conflicts in a mutually beneficial way; equip you to positively contribute to your community; and enable you to impact the world in meaningful ways.

DIVERSITY AND INCLUSION

You will have many opportunities to explore other cultures through connections with peers of different values and backgrounds, discussions of global issues, and examination of your role as a world citizen. By understanding and appreciating the perspectives of others, you will learn more about yourself.

PROFESSIONAL DEVELOPMENT

Professional development is a way to ensure that your learning and development continues for a lifetime. Professional development activities can make you more employable, keep you competitive in your industry, progress your career and increase your effectiveness in the workplace.

CIVIC ENGAGEMENT

At UB, you will find opportunities to serve others, reflect on important social issues and work with others to impact positive change. You will be challenged to think of your role as a citizen on a local and national level, and you will be encouraged to take on leadership and advocacy roles on campus and beyond.

WELL-BEING

Managing your well-being is a skill that is essential for a full and rewarding life. We support the development of mindful, resilient students who can understand, strengthen and apply the skills necessary to sustain themselves and their livelihood in the modern world.

ACADEMIC SUCCESS

Academic success must include meeting UB’s expectations for being in good standing and making satisfactory progress toward a degree. But, academic success also includes identifying goals to work toward based upon what you want to personally achieve as well as successfully managing the challenges that college presents.

I really appreciate the guidance and support the Career and Internship Center has provided me. The Center has bridged very helpful connections from my UB classroom experience to internship opportunities. If it weren’t for the help from the Center, I wouldn’t have been made aware of my most recent internship experience.

—Phu D. Cao, M.S. ’18

As a graduate assistant, Campus Recreation and Wellness has afforded me the opportunity of pursuing my MBA. It has provided the flexibility to be a student as well as instilled great transferable job skills. It also serves as a place of relaxation promoting physical and mental health that is often overlooked in the well-being of students.

—Brandon Thomas, MBA student

Managing your well-being is a skill that is essential for a full and rewarding life. We support the development of mindful, resilient students who can understand, strengthen and apply the skills necessary to sustain themselves and their livelihood in the modern world.

UB helps you connect with the community. Located in the heart of the city, there are always opportunities to connect whether through community service, local restaurants and events, or social nightlife. It has a well-knit community full of free-flowing friendly people. No matter your background, you can always feel included and welcomed here.
