Purchasing Card User's Guide

1. OVERVIEW OF PURCHASING CARD PROGRAM

1.1 PURPOSE

The Procurement Card program is designed to simplify the purchasing of goods and services costing up to $5,000.00 and furniture items available from Maryland Correctional Enterprises (formerly State Use Industries), or Sheltered Workshops. To take advantage of the program requires only that previously existing guidelines for purchases continue to be followed, that purchases further the business of the State and university, that purchases are authorized by the department head or his designee, that complete and accurate documentation of purchases be maintained and reconciled to the monthly statement, and that the purchases are made from suppliers that accept Visa.

As with all purchases it is appropriate to consider first those sources available under existing State of Maryland and UB contracts, however, the use of the card is by no means restricted to these contracts. With the exception of the limitations addressed in Section 3.5, use of the Purchasing Card for any other items appropriate to the legitimate needs of the University and meeting your Departmental guidelines is encouraged. Capital outlays for major projects are not authorized.

These are the policies and procedures for implementation of the Purchasing Card Program (CPC) for the University of Baltimore.

All purchases made with UB funds, including all purchases made with the Purchasing Card, must be in compliance with all state laws, USM Policies and Procedures and University of Baltimore policy and procedure. Nothing in this manual and/or procedures is intended to replace current UB Procurement Policy or Procedures.

REMINDER: THE CARD IS NOT TO BE USED FOR PERSONAL PURCHASES, OR AS PERSONAL IDENTIFICATION, UNDER ANY CIRCUMSTANCES.

Cardholders are required to adhere to all guidelines outlined in the CPC manual. Failure to comply may result in the suspension and/or termination of the card(s).

1.2 BENEFITS

The use of the Card will:
- Allow employees to obtain many goods and services much faster and easier;
- Significantly reduce paperwork and processing time in the employee's department, as well as in Accounts Payable and Purchasing;
- Provide cost savings through consolidated payment (one monthly payment to the State of Maryland by UB versus multiple supplier payments).
Important benefits for suppliers include:

- Receiving payment in three (3) business days.
- Elimination of after-sale invoicing and collection activities.
- No additional applications or paperwork necessary if they are already Visa merchants.

1.3 THE CREDIT CARD COMPANY

The Corporate Purchasing Card program is offered through a State of Maryland Contract with US Bank using a Visa card. (That contract is subject to a competitive vendor selection process and may, in the future, result in an award to a different vendor. All cardholders will be contacted immediately if any vendor or procedure changes occur.) The terms and conditions of a Master Agreement between the State of Maryland and US Bank govern the program. In most situations individual cardholders and departments will deal either with the University's Purchasing Card Program Administrator (PCPA), UB Procurement Director or his/her Deputy (DPCPA), UB Purchasing Manager, in the Office of Procurement and Materials Management or directly with US Bank.

The responsibilities, processes and procedures in this manual are supplemental to the Corporate Purchasing Card Program Policy and Procedures issued by the State of Maryland Comptroller's Office. The State Corporate Purchasing Card Program Policy and Procedures is available at [http://comnet.comp.state.md.us/General_Accounting_Division/Static_Files/CPCM/cpc.pdf](http://comnet.comp.state.md.us/General_Accounting_Division/Static_Files/CPCM/cpc.pdf) Please contact UB Procurement Director to get a copy of the State’s Purchasing Card Program Policy and Procedures manual.

3. CARDHOLDER POLICIES AND PROCEDURES

Note: Most forms referred to in this guide are available to cardholders upon request in electronic format for ease of use.

3.1 CORPORATE PURCHASING CARD ASSIGNMENT GUIDELINES

The following guidelines will apply to the assignment of the Corporate Purchasing Cards:

- Limited to State of Maryland Employees. No volunteers, contractors, county or federal employees.
- Limited to employees who have not had personnel incidents which impact upon the use of the card;
- Limited to employees specifically approved by the appropriate University of Baltimore department heads and the Asst. V.P. for Administration, or his designee,
- Limited to employees who sign a Corporate Purchasing Card agreement and who will be subject to personnel discipline procedures in the event of abuse or failure to comply with established guidelines;
- Requires PCPA and agency fiscal officer (or designee) to approve the assignment of card;
- Monthly credit card limits should be consistent with the authorized monthly spending limits established by the agency. Credit limits should not be substantially greater than the cardholders’ pre-authorized monthly spending authority. The PCPA reserves the right to adjust monthly credit limits downward if the credit limit for a card is consistently above the peak monthly spending requirements for the cardholder.
- Cards no longer in use, or where no purchasing activity has been recorded for a 6-month period, must justify to the agency PCPA why they still need a card. Cards with no activity for 12 months will be purged from the system and invalidated.
The approving officer (agency head), or their designee, has designated the Director of Procurement and Materials Management, as the Purchasing Card Program Administrator (PCPA). The PCPA shall function as the agency's liaison to the card issuer bank and the Comptroller of Maryland.

The UB Comptroller, UB’s fiscal officer, is responsible for the fiscal oversight of the agency's Corporate Purchasing Card Program. The agency's fiscal officer, or individual designee of the agency’s fiscal officer, will monitor the issuance of cards, ensure prompt reconciliation of periodic statements, and prepare statistics and reports necessary to manage and control all card activity.

The PCPA will request a card from the Contractor Bank for each approved cardholder based on the signed written approval of the agency fiscal officer or designee, or the agency head or designee. The card will be issued in the name of the employee with the name of the agency (UB) embossed on the card. All cardholder information must be reviewed and approved by the agency fiscal officer or designee prior to submitting the card request form to the PCPA for entry into the Bank card issuing process.

The cardholder, the cardholder’s supervisor or Department Head, the Reviewer, the agency fiscal officer or designee and the PCPA must complete and sign a State of Maryland Corporate Purchasing Card Cardholder Agreement Form (Exhibit A) indicating compliance with the program policy and guidelines. The Cardholder must also submit a Cardholder Information form (Exhibit B) and a PeopleSoft Finance Request for Access form (Exhibit C).

The individual who is to receive the Corporate Purchasing Cards from the bank must be independent of the agency PCPA duties. The agency PCPA must not be the one to submit corporate Purchasing Card applications and receive the cards in the mail from the card vendor. Normally the DPCPA will enter the information to create the card/cardholder in the Bank’s automated system. The cards will be sent to one of the two Contract Specialists in UB’s Procurement and Materials Management Department.

3.2 OBTAINING A CARD

Individual Departments and Schools will establish criteria for recommending individuals that will have cardholder authority and responsibilities.

The Requestor should obtain a Cardholder Agreement form and Cardholder Information Form from http://www.ubalt.edu/about-ub/offices-and-services/procurement/purchasing-card-program.cfm (also see Appendix A). Requestor must also complete and submit the PeopleSoft (PeSo) access form which can be obtained. See http://www.ubalt.edu/about-ub/offices-and-services/procurement/downloads/Request_for_Access_PeopleSoft_Financials_Form_12-1-14.pdf The cardholder must also review the State of Maryland Purchasing Card Program Policy and Procedures manual and the UB Purchasing Card Manual. These documents are available at
The requesting department or school must complete and sign the forms. The executed forms are then sent to the UB Comptroller and the PCPA for approval. If approved, the PCPA will enter the Cardholder information on-line into the bank’s automated system. US Bank will forward the card to a Contract Specialist in Procurement. The Contract Specialist will inform the Purchasing Card Program Manager (that the new card has arrived).

Before the cardholder receives the card, the Purchasing Card Program Manager will schedule training with the new cardholder. The Purchasing Card Program Manager will provide written instructions to the cardholder regarding the use of the card. Basic instructions regarding the use, record keeping, allowable purchases, and emergency numbers in case of lost/stolen cards will be discussed and the cardholder will formally acknowledge receipt of the card and instructions.

The name of the person receiving the Purchasing Card Program (CPC) cards for the agency (typically the Procurement Department Contract Specialist) must be provided to GAD contact GAD_CPC@comp.state.md.us (Currently Monica Wheatley) by the DPCPA’s supervisor (UB Procurement Director), the agency Fiscal Officer (UB comptroller) or agency head.

3.3 KEEPING YOUR CARD SECURE

Always keep your card in a secure place. Just as you would your personal credit card, treat it as if it were cash. Each cardholder is directly responsible for the physical security of the card. No one other than the designated cardholder is authorized to use it for any purpose.

- Purchasing Card data stored on computers and storage media must be secured using passwords and/or encryption.
- Keep your card in a secured place and check it frequently to ensure it is in your possession.
- Do not write down your credit card information or share it with anyone (except Representatives of the Procurement office)
- Clear your logins and passwords. This is especially important if you’ve been working on a public computer.
- Change passwords monthly.
- Only enter your credit card number on secure websites that you can be 100% sure are legitimate. To be sure a website is secure, look for a lock in the lower right corner of your internet browser.
- Be alert for phishing, a trick in which spam or pop-ups mimic legitimate banks or businesses to obtain your personal information, which they use to access your accounts.
- Only give personal information to vendors with whom you have an established trusting relationship and only on calls you have initiated. Do not give your password to vendors, even someone that says they are from US Bank. The bank will not ask for your passwords or SSN.
- Only use your Ubalt.edu mail account for making purchases for the university
- Shred any documents with card information on it (that is not needed for your monthly reconciliation).
- Treat card as if it were your own personal card
Every effort should be made to secure all purchasing card account number information. This includes reports, statements, packing slips, and receipts. Paper documents containing the purchasing card account number should be shredded or destroyed when the information is no longer needed.

Furthermore, access to the card vendors' database is limited to the PCPA and DPCPA. Transaction management is secured with access rights dictated and assigned by the agency to allow access only by authorized personnel.

Failure to keep the card and account number secure will result in suspension of the card until procedures are put in place by the Unit to ensure that the card will be kept secure.

4. HOW TO USE THE PURCHASING CARD

Please note that the cardholder is the only person authorized to make purchases using his/her card. **Giving your card or card number to another person to make a purchase, using someone else’s card, or making unauthorized purchases may result in disciplinary action (including, but not limited to, revocation of your card and/or termination of employment).** The Cardholder is liable to the University and the State of Maryland for the proper use of the card.

If a vendor you frequently purchase from does not accept Visa, please notify the PCPA so that the vendor may be offered the opportunity to do so. All Visa merchants are required to offer the same pricing for Visa card purchases as for any other means. Make sure that the price offered the University is the same low price you would ordinarily receive. The card may **NOT** be used to circumvent the existing contracts that offer volume discounts, e.g. office supplies contract. **MBE firms should be utilized when and where possible.** You may go the web site for the Office of Minority Affairs (http://www.oma.state.md.us/mainframe.html) to check if a firm is a minority or to search for a certified MBE.

Cards no longer in use, or where no purchasing activity has been recorded for a 6-month period, must justify to the agency PCPA why they still need a card.

When a cardholder signs-up for an account with a company (e.g. Amazon) a separate account is to be used.

a) A cardholder may not use their personal account for State business. All merchandise must be shipped to the employee work address, unless written prior approval is granted by the Agency head or Fiscal Officer when a secondary business address is used.

b) Services shall be performed and goods shall be received at a State agency address, unless written prior authorization is received from the Agency Head or Fiscal Officer.

c) Employee should use the most economical classification of any service. Unless special written approval is granted by the Fiscal Office to use a premium plan. A premium plan must “Further the Business of the State”.
If any instance of sharing of credit card is detected during our monthly independent review, the card will be suspended until the cardholder attests in writing that she/he will not allow others to use their card. A pattern of such misuse of the card will result in the loss of Corporate Purchasing Card privileges.

4.1 MAKING PURCHASES

4.1.1 Follow the same internal procedures you have always used specific to UB and your department to obtain authorization to make the purchase including any applicable travel policies.

4.1.2 Be certain that the total amount (including all shipping, handling, postage, freight, etc.) will not exceed your card’s single purchase limit or any other limits that your department may have set.

4.1.3 Take reasonable steps to determine that the price quoted is the best you can obtain.

4.1.4 Advise vendor that UB is sales tax exempt - the University’s tax exempt number is printed on the face of the card (note that all State agencies have the same tax exempt number).

4.1.5 Obtain a detailed receipt at the time of purchase clearly identifying each item purchased. If you are unable to get a receipt then a purchase requisition or memo to the file should be provided as backup for the statement and log.

4.1.6 Record the purchase on the P-Card Activity Log, and keep all receipts with the Log in a secure place. If the item ordered is a sensitive item, be sure to include the serial number on the log to show the purchase in the correct PeopleSoft Account.

4.1.7 Seek out certified Minority firms to utilize. (Web site for Minority Directory http://www.oma.state.md.us/mainframe.html)

4.2. Receiving – Acknowledgement of Receipt

4.2.1. When goods or services ordered with the P-Card are received, a UB employee must verify that the items actually received are in accordance with what was ordered. The person that performs this Receiving role must document the receipt by signing the packing slip, invoice or other similar documentation. Preferably, they should write, in bold lettering, Received on __date__ by __name__ and sign. They should give the signed packing slip, receipt, work order or other documentation to the cardholder, who will keep it in the activity log.
4.2.2. The Receiver must verify that the goods or services received match the packing slip or work order, and sign the packing slip, receipt, work order or other documentation provided by the vendor. If a packing slip, receipt, work order or similar documentation was not provided by the vendor, the Receiver should record the date, vendor name, description and quantity (or number of hours of service) received.

4.2.3. Receiving must be acknowledged by a separate individual (not the cardholder or Reviewer), thereby separating the procurement card process into 3 parts, ordering, receiving and monthly review.

4.3. The cardholder statement is for your information and audit purposes only. Payment is the responsibility of UB and the State of Maryland. Use of the purchasing card will in no way affect or change your personal credit history.

4.4. "Gifts with Purchase" – From time to time merchants will offer incentives to get cardholders to make purchases, or gain a competitive advantage over their competitors. One such scheme is to offer a “free gift” with a purchase. There is no free lunch; the State would prefer that the merchant lower its prices and not offer such promotions. Note well that the gift goes to the purchaser, that is, the University, not the cardholder. Since the purchase is made with UB funds, the “gift” item becomes UB property.

5. DOCUMENTATION

The cardholder is responsible for ensuring that purchases are properly documented. Documentation is required for each purchase and credit.

A receipt showing the price of the item purchased is required for each transaction. Acceptable documentation includes the itemized Purchasing Card Log entry and at least one of the following:

- Itemized sales slip showing the purchase price of the item, or
- Itemized Packing Slip showing the purchase price of the item, or
- Itemized cash register receipt showing the purchase price of the items, or
- Itemized repair order showing the purchase price of the items.
- Itemized hotel/motel receipt showing all charges associated with the stay including the Folio.

The documentation must itemize or list each item purchased.

The monthly cycle typically ends on the 25th of each month. Cardholders must obtain electronic statements by creating a User Profile on U.S. Bank’s Access On-line System (AXOL) at https://www.access.usbank.com/cpsApp1/AxolPreAuthServlet?requestCmdId=login. System will also allow cardholder to view transactions real-time and submit disputes. See PCPA or
Every transaction must be recorded on a Cardholder Activity Log Sheet. Each cardholder must maintain an “Activity Log” for recording each purchase and/or credit made with each Purchasing Card. The Activity Log must be substantially the same (include the same information and signatures) as the sample in Appendix E. Every transaction must be recorded on a Cardholder Activity Log Sheet which contains the transaction date, merchant name, description of item purchased including quantity, the PeopleSoft Account code, PeopleSoft Chartfield, and total price (or amount of a credit). That information will be used to reconcile the monthly charges against the Corporate Purchasing Card statement at the end of each month.

A pattern of missing documentation will result in the loss of Corporate Purchasing Card privileges.

The files (P-Card logs, bank statements and receipts) will be retained for four years or until audited, by Procurement.

The original Cardholder Agreements and Cardholder Applications need to be retained by the agency’s PCPA (Procurement) for the period of time the cards are open. Once the cards are closed, the Cardholder Agreements and Cardholder Applications should be retained by the agency’s PCPA for an additional four (4) years or until audited.

6. RECONCILIATION

6.1. CARDHOLDER RECONCILIATION

After receiving the statement from the bank, the cardholder must match the activity log and the documentation for every purchase or credit to the items listed on the statement. Insure that documentation is sufficient to allow for the proper recording of expenditures in the Comptroller’s Statewide Accounting and Reporting System. If documentation is missing, reasonable attempts should be made to obtain a copy of the appropriate documentation from the vendor referenced on the bank statement. When the documentation is received, it should be reviewed and certified as received or reported as a disputed item to the bank.

A pattern of missing documentation will result in the loss of Purchasing Card privileges.

The cardholder should then add a description to the transaction file in PeopleSoft. The cardholder may also change the Account and/or Department on the transaction from the default information to the correct Account or Department. The Cardholder should then change the approval flag from Staged to Verified. Refer to PeopleSoft Procedures for more information.

6.2. REVIEWER RECONCILIATION

6.2.1. The reviewer is conducting a 3 way match of each transaction. Reviewer examines what was ordered, what was received and what appears on the paper credit card statement and
activity log. Specifically, the reviewer is responsible to review the activity log, the paper statement, the receipts and the receiving documents to ensure each transaction:

i. is accounted for,
ii. is for the benefit of UB,
iii. complies with UB Procurement Policies and
iv. is reasonable and accurately recorded.

The reviewer shall validate the items ordered and the appropriateness of each purchase for the department. The reviewer should request a justification for any purchase which is not readily apparent. Upon completion, the reviewer signs the activity log and forwards the log, paper statement, receipts and receiving documents (entire packet) to the Procurement department. Questionable or suspect purchases should be reported to the Director of Procurement or the University's Comptroller.

6.2.2. The Procurement department review each packet, signs the activity log and maintain the logs in a secure space for not less than four years. Any discrepancy in the activity log or associated documentation or any questionable purchase will be referred back to the cardholder and reviewer for further explanation or justification.

6.2.3. The cardholder's immediate manager or designee as assigned by the Department Head, who has the experience and position to determine if purchases are reasonable and necessary, must certify the accuracy and completeness of the Activity Log by signing and dating the log. THIS REVIEW MUST INCLUDE THE REASONABLENESS OF THE UNIT PRICE OF THE ITEM PURCHASED. The signature of the immediate manager or designee verifies that the applicable receipts/invoices and bank statement are attached to the Activity Log, and the accuracy of the monthly detail, including whether or not the transactions are appropriate, and forward it to Procurement for review. Failure of the authorized reviewer to adequately complete these duties will result in disciplinary action being taken against the authorized reviewer. This action could include up to and including dismissal from State service for failing to perform these duties adequately.

When completed, the statement, the properly authorized log, and documentation for every purchase and/or credit will be forwarded to the cardholder's Reviewer for review and signature. The Reviewer, who should be the cardholder's supervisor or business manager, must:

- Certify that the cardholder(s) is under their supervision, or that they are the unit's business manager.
- Certify that they have delegated the authority to purchase supplies and services on behalf of the University of Baltimore, using the State of Maryland Corporate Purchasing Card, provided that the amount of any single purchase does not exceed $5000.00, that no capital outlay cost are authorized, that no personal purchases will be made with the card, and that cash advances are strictly prohibited.
- Certify that they have reviewed the cardholders credit card statement and verified that the charges made are appropriate charges for the unit, that the charges are for the benefit of the University of Baltimore and are not personal purchases. Verify, to the best of their knowledge and belief, that all purchases have been made in accordance with applicable
laws and regulations, including, but not limited to, the State of Maryland Corporate Purchasing Card Program Policy and Procedures and the UB Purchasing Policies and Procedures.

- Certify their understanding and agreement that failure to follow established procedures may result in disciplinary actions against the Reviewer, including loss of leave time, suspension and/or termination of employment, fine, and/or criminal prosecution.

- The signed log and documentation should be sent to Procurement within five (5) business days after the re-allocation must be completed. This is typically ten (10) days after the closing date each month. See Procurement’s webpage for specific dates: [http://www.ubalt.edu/about-ub/offices-and-services/procurement/downloads/DATES%20for%20PURCHASING%20CARD%202019-20.pdf](http://www.ubalt.edu/about-ub/offices-and-services/procurement/downloads/DATES%20for%20PURCHASING%20CARD%202019-20.pdf)

The Reviewer should also review the statement information in PeopleSoft to ensure that it has been entered accurately, and that changes to Account numbers and/or Department numbers is accurate. After the statement has been checked, the reviewer should change the approval flag from Verified to Department Approved.

6.3. If the card is lost or stolen, or if the cardholder leaves employment within the Department/Unit for any reason (including retirement) the Reviewer must immediately notify US Bank and the Purchasing Card Program Administrator.

6.4. The log will then be sent to the PCPA, Procurement and Material Management) for review. The reconciled activity logs, receipts or other supporting documentation and statements will be retained for four years.

6.5. Agency Certification

Each agency's PCPA (Procurement Director) or ONE other designee (UB Purchasing Card Manager) will provide a certification via email to the GAD CPC Program Coordinator GAD_CPC@comp.state.md.us (Currently Monica Wheatley) for the entire agency. The certification will be due 45 days after the close of the cycle and will include the following language.

"Notification for the Corporate Purchasing Card cycle ending [date]

Agency representative for the University of Baltimore.

To the best of my knowledge all CPC transactions shown on the Monthly Cardholder Statements and posted in R*STARS for the period indicated above are in compliance with the policies stated in the Comptroller's Corporate Purchasing Card Manual [http://compnet.comp.state.md.us/gad/agencyinfo/forms.asp](http://compnet.comp.state.md.us/gad/agencyinfo/forms.asp).

I am not aware of any fraudulent use of cards assigned to this agency."

- Any exceptions to this process are to be reported separately, in writing (email), to the GAD Corporate Purchasing Card Coordinator.
• If a certification is not received after 5 days of the due date, an email notice will be sent to the PCPA on file with GAD. IF A SECOND CERTIFICATION IS MISSED, THAT AGENCY’S CPC PROGRAM WILL BE IMMEDIATELY SUSPENDED UNTIL THE CERTIFICATIONS ARE RECEIVED. The Program will not be reinstated until the agency provides all outstanding certifications.

7. DISPUTED TRANSACTIONS

Disputed transactions fall into two broad categories - those resulting from a supplier’s refusal to take back a defective or improperly shipped item and those related to discrepancies between the cardholder’s records and the monthly VISA statement. All disputes can be covered by the twelve items listed on the Cardholder Statement of Disputed Item Form (Exhibit E). These are:

1. Unauthorized transactions
2. Alteration of amount from that shown on the sales draft.
3. Merchandise not received (order still valid).
4. Defective or Wrong Merchandise.
5. Recurring charges after Cancellation.
6. Recurring charges already paid by other means.
7. Credit appears as charge.
8. Credit From Merchant Not Received.
9. Hotel Reservation Cancelled
10. Double or Multiple Charges
11. Do Not Recall Transaction
12. Other

When a cardholder discovers an incorrect amount has been charged for goods and/or services received, or a questionable purchase or transaction appears on the monthly cardholder bank statement, the cardholder must immediately seek to resolve the problem with the vendor. If no resolution can be made with the vendor, a Dispute must be filed on U.S. Bank’s Access Online (AXOL) System. It is important to note that the dispute must be filed as soon as the discrepancy occurs, but not later than sixty (60) days after the appearance of the item on the cardholder bank statement.

7.1. DISPUTE WITH SUPPLIER

If you have a problem involving a dispute with a supplier (such as defective items or you claiming that an item was not ordered and the supplier claiming that it was), every effort should be made to resolve the problem directly with the supplier. If you are unable to obtain satisfaction from the supplier, cardholder must file a Dispute must be filed on U.S. Bank’s Access Online (AXOL) System. See filing requirement in Section 7.

7.2. DISPUTE OF STATEMENT ITEM
Any item that appears on the monthly Visa statement from US Bank may be disputed, provided the disputed transaction is reported to US Bank using the **U.S Bank's Online Access System (AXOL)** **within 60 (sixty) days of the disputed statement's closing date.**

The card vendor will issue a credit when the disputed form is received. If the resolution of the dispute results in a credit, it will be posted to the cardholder account. If the card vendor finds in favor of the merchant, the cardholder account will be charged at that time.

The cardholder should post the credit to the Activity Log and verify that the credit appears on the subsequent monthly bank statement.

### 7.3. RESOLUTION

During US Bank's investigation they will issue a credit to the Purchasing Card account in question for the disputed amount. When the investigation is complete you will be notified of the resolution. If you are not satisfied with this resolution, please contact the PCPA immediately.

### 8. RETURNS, DAMAGED GOODS, CREDITS

If goods purchased with the Purchasing Card need to be returned the cardholder should work directly with the supplier (vendor). Here are some tips:

8.1. Always retain boxes, containers, special packaging, etc. until you are certain you are going to keep the goods. Some items, such as software or fragile pieces, cannot be returned without the original packaging materials.

8.2. Read all enclosed instructions carefully. Often a phone number and their instructions are included on the packing slip and/or receipt.

8.3. Many suppliers require you to obtain a "Return Authorization Number" before they will accept a return. If you neglect to get this number when it is required the package may be refused and/or no credit issued to your account.

8.4. In some cases there may be a restocking fee (usually a percentage of the purchase price). If the supplier is completely responsible for the error or problem you should not have to pay this, or any other fee. However, if they are not fully responsible you may have to pay it. You may use the Purchasing Card to pay this fee as long as it does not exceed any of the limits.

8.5. Lastly, make sure in reviewing your monthly statement that a credit was issued for the returned item(s). If return is not authorized or if it is not properly credited, refer to Section 6, Disputed Transactions, for instructions for resolving the problem.

### 9. SALES TAX EXEMPTION

The University, as an agency of the State of Maryland, is generally exempt from State sales tax. The University's tax exempt number, 30002563 (same for all State of Maryland agencies) is
printed on the face of the card. Most in-state and out-of-state suppliers honor this exemption.
