

APPENDIX D

SOLICITATION TERMS AND CONDITIONS

This solicitation and any subsequent award are further subject to:

1. Contractor's/Offeror's Responsibility.

Offerors are advised to read the requirements very carefully to ensure that each requirement is understood. If in doubt, develop and submit applicable questions in writing to the contact at the Issuing Office. An Offeror's misinterpretation of requirements shall not relieve the Offeror of the responsibility to address accurately the requirements of the RFP or to perform the Contract, if awarded. UBALT will enter into a contractual agreement with the selected Contractor(s) only. The selected Contractor(s) shall be solely responsible for all services as required by this RFP. Subcontractors, if any, will be the responsibility of the Contractor(s) and the role of subcontractors must be clearly identified in the proposal. The use of a subcontractor(s) does not relieve the Contractor(s) of liability under a Contract.

2. Rejection or Acceptance of Proposals.

The University reserves the right to: (i) accept or reject any and all proposals, in whole or in part; (ii) to waive minor irregularities; and (iii) to negotiate in any manner necessary to best serve the interests of the University. Further, the University reserves the right to make a whole award, multiple awards, a partial award, or no award at all. Offerors judged by the Procurement Officer not to be responsible or Offerors whose Proposals are classified as not reasonably susceptible to being selected for award shall be so notified. The University reserves the right to increase or decrease the quantities of any materials, equipment, supplies or services.

3. Cancellation of the RFP.

UBALT may cancel this RFP, in whole or in part, at any time.

4. Right to Reject Proposals and Waive Irregularities

The University reserves the right to reject either all proposals after the opening of the proposals but before award, or any proposal, in whole or part, when it is in the best interest of the State of Maryland. For the same reason, the University reserves the right to waive any minor irregularity in a proposal.

5. Incurred Expenses.

UBALT shall not be responsible for any expenses that Offerors may incur in preparing and submitting Proposals or in making oral presentations of their Proposals, if required.

6. Payment.

The University issues payments on a net 30 day basis for UBALT approved invoices. Payment provisions shall be in arrears, with late payment and interest calculated as provided by Maryland law. For purposes of determining whether a prompt-payment discount, if applicable, may be taken by UBALT, the starting date of such reckoning period shall be the later of the date of a properly executed invoice or the date of completion of service and/or delivery of product.

7. Site Investigation

By submitting a proposal the Proposer acknowledges that the Proposer has investigated and been satisfied as to the conditions affecting the work, including but not restricted to those bearing upon transportation, disposal, handling and storage of materials, availability of labor, water, and electric power. Any failure by the Proposer to become acquainted with the available information will not relieve the Proposer from responsibility for estimating properly the cost of successfully performing the work. The University shall not be responsible for any conclusions or interpretations made by the Proposer of the information made available by the University.

8. Confidentiality.

8.1. UBALT's Information during the Procurement Process: The selected Contractor may have access to, may obtain, or be given confidential information, including without limitation information concerning the University's business strategies, political and legislative affairs, students, faculty, employees, vendors, contractors, customer lists, finances, properties, methods of operation, computer and telecommunication systems, and software and documentation. Certain confidential information may be protected under the Family Educational Rights and Privacy Act ("FERPA"), the Gramm-Leach-Bliley Act, and the Maryland Public Information Act. The selected Contractor must have administrative, technical, and physical safeguards to protect the security, confidentiality, and integrity of the UBALT's confidential information. UBALT may conduct discussions with Offerors in order to evaluate their abilities and responsiveness to the RFP. In order to facilitate the discussions and to allow Offerors to propose responsive solutions to UBALT's needs and requirements, UBALT is willing to disclose certain confidential information to Offerors, including without limitation information concerning UBALT's business strategies, political and legislative affairs, students, employees, vendors, contractors, customer lists, finances, properties, methods of operation, computer and telecommunications systems, and software and documentation ("Confidential Information"). By submitting a proposal in response to this RFP, Offerors agree: (i) to use Confidential Information solely for purposes of responding to and discussing the RFP; and (ii) not to disclose, permit or cause use of, or provide access to Confidential Information to any third person or entity. Upon request by UBALT, Offerors may be required to sign a Non-Disclosure Agreement.

8.2. Offeror's Information: Offerors should give specific attention to the identification of those portions of the Proposal that the Offeror deems to be confidential, proprietary information, or trade secrets and provide any justification why such materials, upon request, should not be disclosed by the State under the Access to Public Records Act, State Government Article, Title 10, Subtitle 6, Annotated Code of Maryland. Offerors are advised that, upon request for this information from a third party, the Procurement Officer is required to make an independent determination as to whether the information may or may not be disclosed to the requesting party. That decision will take into consideration the Offeror's position regarding its Proposal. A blanket statement by a Offeror that its entire Proposal is confidential or proprietary will not be upheld.

9. Multiple/Alternative Proposals

Proposers may not submit more than one (1) proposal nor may proposers submit an alternate to this RFP.

10. Alternate Solution Proposals.

Contractors may submit an alternate to the solution given in this RFP.

11. Contractor Responsibilities and Use of Subcontractors

The University shall enter into contractual agreement with the selected Contractor(s) only. The Contractor(s) shall be responsible for all products and/or services required by this RFP. UBALT will consider Proposals that reflect primary and secondary service providers or a prime/subcontractor relationship. There should be proof of ability of the primary to manage a subcontractor and successfully coordinate the delivery of quality service and support in a timely manner. Subcontractors, if any, shall be identified and a complete description of their role relative to the proposal shall be included. UBALT's intent is not to direct the use of any particular subcontractor, however, UBALT strongly encourages the Contractor to consider the utilization of local MBEs when possible. In addition, the Contractor may not contract with any such proposed person or entity to whom UBALT has a reasonable objection. Notification of such objection will be made by UBALT within fifteen (15) days of Contract. The Contractor shall be fully responsible for the acts and omissions of its subcontractors and of persons directly or indirectly employed by them. The use of subcontractors does not relieve the Contractor of liability.

12. Access to Contractor Records for Quality Assurance and Auditing Purposes.

The Contractor and its principal subcontractors must provide access to pertinent records by University personnel or its representatives (including internal auditors, external auditors, representatives, and agents) to provide quality assurance and auditing.

13. Arrearages.

By submitting a Proposal, an Offeror shall be deemed to represent that it is not in arrears in the payment of any obligation due and owing the University, including the payment of taxes and employee benefits and that it shall not become so in arrears during the term of the Contract if selected for Contract Award.

14. Taxes.

Contractor shall exempt UBALT from taxes as applicable. Exemption Certificates shall be provided upon request.

15. RFP Response Materials.

All written materials submitted in response to this RFP become the property of UBalt and may be appended to any formal documentation that would further define or expand the contractual relationship between UBALT and the Contractor(s). Further, by submitting a proposal, the offeror grants the University the right to make unlimited additional copies of the materials for review, evaluation, contract and archive purposes.

16. Maryland Public Ethics Law, Title 15.

The Maryland Public Ethics Law prohibits, among other things, State employees or officials (and in some cases, former employees) and businesses in which such an individual is employed or holds a financial interest from: (i) submitting a bid or proposal; (ii) negotiating a contract; and

(iii) entering into a contract with the governmental unit with which the individual is affiliated per the Maryland Code Annotated, State Government Article, § 15-502.

If the Offeror has any questions concerning application of the State Ethics law to the Offeror's participation in this procurement, it is incumbent upon the Offeror to seek advice from the State Ethics Commission: The Office of The Executive Director, State Ethics Commission, 9 State Circle, Suite 200, Annapolis, Maryland 21401. For questions regarding the applicability of this provision of the Public Ethics Law, call the State Ethics Commission's toll-free phone number, 877-669-6085, or see the website, <http://www.ethics.gov.state.md.us>. The Procurement Officer may refer any issue raised by a Proposal to the State Ethics Commission. The Procurement Officer may require the Offeror to obtain advice from the State Ethics Commission and may reject a Proposal that would result in a violation of the Ethics law.

A resulting Contract is cancelable in the event of a violation of the Maryland Public Ethics Law by a Contractor or any State of Maryland employee in connection with this procurement.

17. Assistance in Drafting.

Under the State Government Article, § 15-508 of the Annotated Code of Maryland, an individual or person who employs an individual who assists an executive unit in drafting specifications, an invitation for bids, a request for proposals for a procurement, or the selection or award made in response to an invitation for bids or request for proposals may not submit a bid or proposal for that procurement or assist or represent another person, directly or indirectly, who is submitting a bid or proposal for that procurement. For questions regarding the applicability of this provision of the Public Ethics Law, call the State Ethics Commission's toll-free phone number, 877-669-6085, or see the website, <http://www.ethics.gov.state.md.us>.

18. Modifications of Technical Proposal.

Proposers may modify their Technical Proposals by e-mail at any time prior to the due date and time, provided that the Issuing Office is satisfied that a written confirmation of the modification with the signature of the Proposer was sent prior to the Proposal due date and time. Technical Proposals may not be modified, supplemented, or changed in any way after the due date and time, unless specifically requested by the University.

19. Additional Technical Information

At any given time during the procurement process, the Issuing Office may request additional technical response requirements. Only eligible firms at that given time will be invited to provide the additional information. Additional information will be used to further evaluate the Proposers' technical qualifications.

20. Addenda Acknowledgment.

Offerors must acknowledge in writing the receipt of any and all addenda, amendments, and/or changes issued. Such acknowledgement must be included in the Technical Proposal.

21. Duration of Offers.

Proposals (consisting of a Technical Proposal and, if applicable, a Price Proposal) shall remain irrevocable for 120 days following the closing date of the Price Proposal due date. This period may be extended by mutual agreement between the Offeror and the University.

22. Minority Business Enterprises.

Minority Business Enterprises (MBE) are strongly encouraged to respond to this solicitation notice. If a sub-contracting goal and/or subgoals has been set in Section I of the solicitation, refer to Appendix M for further information regarding required process and documentation.

23. Living Wage Requirements.

A solicitation for services under a contract valued at \$100,000 or more may be subject to Maryland's Living Wage requirement, located at Maryland Code Annotated, State Finance and Procurement Article, Title 18, §§ 18-101 through 18-109. Additional information regarding the Living Wage requirement is contained in Appendix B, if applicable to this solicitation. An Offeror that fails to submit and complete the Affidavit of Agreement contained in Appendix B, if applicable, may be deemed not responsible by the Issuing Office. The University reserves the right to waive this requirement at any time during the procurement process.

24. Conflict of Interest.

The Contractor awarded the Contract shall provide the specified services for UBALT, and must do so impartially, and without any conflicts of interest. If the Procurement Officer makes a determination that facts or circumstances exist that give rise to or could in the future give rise to a conflict of interest within the meaning of the provisions described in the solicitation, the Procurement Officer may reject a Contractor's Proposals. Contractors should be aware that the State Ethics Law, State Government 15-508, might limit the selected Contractor's ability to participate in future related procurements, depending upon specific circumstances. Refer to Paragraphs 15 and 16 above. By submitting a response to the solicitation, the Contractor affirms its understanding and compliance with this clause.

25. Proposal Acceptance

The University reserves the right to accept or reject any and all proposals, in whole or in part, received as a result of this RFP; to waive minor irregularities; or to negotiate with all responsible proposers, in any manner necessary, to serve the best interest of the University. Further, the University reserves the right to make a whole award, multiple awards, a partial award, or no award at all.

26. Confidential/Proprietary Information

Proposers should give specific attention to the identification of those portions of their proposals which they deem to be confidential, proprietary information or trade secrets, and provide any justification of why such materials, upon request, should not be disclosed by the State under the Public Information Act, General Provisions Article, Title 4 of the Annotated Code of Maryland. Proposals are not publicly opened. Proposers must clearly indicate each and every section that is deemed to be confidential, proprietary or a trade secret. It is not sufficient to preface the entire proposal with a proprietary statement.

27. Financial Disclosure by Persons Doing Business with the State

Proposers providing materials, equipment, supplies or services to the University must comply with Section 13-221 of the State Finance & Procurement Article of the Annotated Code of Maryland which requires that every business which enters into contracts, leases or other agreements with the University and receives in the aggregate \$200,000, or more, during a calendar year shall, within 30 days of the time when the \$200,000 is reached, file with the Secretary of State a list containing the names and address of its resident agent, each of its officers, and any individual who has beneficial ownership of the contracting business.

28. Debriefing of Unsuccessful Proposers

A debriefing of an unsuccessful proposer shall be conducted upon written request submitted to the procurement officer within 10 days after the proposer knew or should have known its proposal was unsuccessful. Requests received after 10 days from the Proposers' notice may not be scheduled, as the University's sole discretion. The debriefing shall be limited to discussion of the unsuccessful proposer's proposal only and shall not include a discussion of a competing proposer's proposal. Debriefings shall be conducted at the earliest feasible time. A summarization of the procurement officer's rationale for the selection may be given. The debriefing may not include discussion or dissemination of the thoughts, notes, or ranking from an individual Evaluation Committee Member.

29. Use of Affiliates to Avoid Taxation on Income from State Contracts

Contractor agrees that it will not reduce its income subject to tax by claiming a deduction for royalty or similar payments for trademarks, trade names, or intangible property that shift income from the contractor to an affiliated entity that does not file Maryland income tax returns. Contractor agrees that any affiliated entity receiving such payments is doing business in Maryland and is required to file Maryland income tax returns. Contractor agrees that during the course of this contract: (1) it shall not make any such royalty or similar payments to any affiliated company; but (2) if any such royalty or similar payments are made, contractor and the affiliated company shall file separate Maryland income tax returns and pay their respective Maryland income taxes in such a manner that contractor may claim a deduction against Maryland income tax for such payments only if the affiliated company receiving the royalty or similar payment files its Maryland income tax return and pays Maryland tax, under a formula that reasonably apportions the income of the affiliated company among the states, including Maryland, in which the contractor does business. Contractor agrees that it is authorized to bind its affiliated entities to the terms hereof.

30. Payments to Contractors by Electronic Funds Transfer

If the annual dollar value of this contract will exceed \$200,000.00, the Proposer is hereby advised that electronic funds transfer (EFT) will be used by the State to pay the Contractor for this Contract and any other State payments due Contractor unless the State Comptroller's Office grants the Contractor an exemption.

By submitting a response to this solicitation, the Proposer agrees to accept payments by EFT. The selected Proposer shall register using form COT/GAD X-10 Vendor Electronic Funds (EFT) Registration Request Form. Any request for exemption must be submitted to the State Comptroller's Office for approval at the address specified on the COT/GAD X-10 form and must include the business identification information as stated on the form and include the reason for the exemption.

The form is available as a pdf file on the web site of the General Accounting Division of the Comptroller of Maryland:

Property damage liability insurance with a limit of not less than \$2,000,000 for each accident

Automobile bodily injury liability insurance with limits of not less than \$1,000,000 for each person and \$2,000,000 for each accident, and property damage liability insurance, with a limit of not less and \$2,000,000 for each accident

Professional Liability with a limit of not less than \$1,000,000

At the time the contract is made, the Contractor shall provide the University with evidence of payment in full of the above insurance coverage throughout the entire term of this contract. Any

renewal term under the contract shall also include evidence of payment in full of the above insurance coverage through the entire term of the renewal.

The Contractor shall furnish the University with a certificate of insurance as evidence of the required coverage. For all insurance, except for worker's compensation and professional liability insurance, the insurance certificates shall specifically identify the materials and equipment, and shall name the University of Baltimore, the University System of Maryland, and the State of Maryland as an additional insured.

The Contractor shall not start work under the awarded contract until the Contractor has obtained at its own expense all of the required insurance and the insurance coverage has been approved by the procurement officer; nor shall the Contractor allow any subcontractor to start work on any subcontract until all insurance required by the subcontract has been obtained and approved by the Contractor and University of Baltimore. Approval of insurance required of the Contractor and subcontractors for the University will be granted only after submission to the University of original certificates of insurance signed by an authorized representative of the insurers or, alternately, at the University's request, certified copies of the required insurance policies. The Contractor shall require all subcontractors to maintain during the term of this agreement, Commercial General Liability insurance, Business Automobile Liability insurance, and Workers Compensation, in the same manner, including the additional insured requirements as specified for the Contractor. The Contractor shall furnish subcontractors' certificates of insurance to the University immediately upon request.

All required insurance policies shall be endorsed to include the following provision; "It is agreed that this policy is not subject to cancellation, non-renewal, material change, or reduction in coverage until forty-five (45) days prior written notice has been given to the University of Baltimore."

No acceptance or approval of any insurance by the University shall be construed as relieving or excusing the Contractor, or the surety or bond, if any, from any liability or obligation imposed upon either or both of them by the provision of the Contract Documents.

The required insurance coverage shall be in force throughout the Contract Term. Should the Contractor fail to provide acceptable evidence of current insurance within ten (10) days of receipt of written notice at any time during the contract term, the University shall have the absolute right to terminate the Contract without any further obligation to the Contractor, and the Contractor shall be liable to the University for the entire additional cost of procuring substitute performance and the cost of performing the incomplete portion of the Contract at time of termination.

All required insurance coverages must be acquired from insurers allowed to do business in the State of Maryland and acceptable to the University. The insurers must have a policy holders'

34. Discrimination

The Contractor hereby assures the University that Contractor is in compliance with all relevant Federal and State laws and executive orders prohibiting discrimination on the basis of race, color, religion, sex, national origin, age, or condition handicap.

35. Termination

This request for proposal implies no obligation on the part of the University of Baltimore, and any contractual agreements entered into as a result of this solicitation may be terminated at any time without cause by or cost to the University of Baltimore.

36. Omissions in Proposals

Should there be any omissions and/or unclear specifications or general conditions, it shall be the responsibility of the Offeror to clarify such items with the University before submitting a proposal.

37. Proposal Acknowledgment

The act of submitting a proposal is to be considered acknowledgment by the Offeror that he has visited the site, taken field measurements where applicable and is familiar with the conditions and requirements affecting the work. Failure to do so will not relieve a successful Offeror of his obligation to furnish all materials and labor necessary to carry out the provisions of the contract to complete the work for the consideration set forth in his proposal. The Offeror shall be responsible for reading very carefully and understanding completely the requirements and specifications of the solicitation. The proposal due time will be and must be scrupulously observed. Under no circumstances will proposal delivered after the time specified be considered.

38. Contract Transferability

The contract may not be transferred. The Contractor may not subcontract, in whole or in part, any portion of this contract unless specific permission has been granted in writing prior to the commencement of any work.

39. Out-of-State Firms

When awarding any contract by competitive proposals, the University as an agency of the State of Maryland must give preference to the lowest "responsive" proposal from a Maryland resident firm over that of a non-resident firm if the State in which the non-resident firm is located gives a resident firm preference.

40. Contract Terms and Conditions

(1). **CHANGES:** The procurement officer unilaterally may, at any time, without notice to the sureties, if any, by written order designated or indicated to be a change order, make any change in the work within the general scope of the contract, including but not limited to changes:

- (a) In the specifications (including drawings and designs);
- (b) In the method or manner of performance of the work;
- (c) In the State-furnished facilities, equipment, materials, services, or site; or
- (d) Directing acceleration in the performance of the work.

(2). Any other written order or an oral order, including a direction, instruction, interpretation or determination, from the procurement officer that causes any such change, shall be treated as a change order under this clause, provided that the Contractor gives the procurement officer written notice stating the date, circumstances, and source of the order and that the Contractor regards the order as a change order.

(3) Except as herein provided, no order, statement, or conduct of the procurement officer shall be treated as a change under this clause or entitle the Contractor to an equitable adjustment hereunder.

(4) Subject to paragraph F, below, if any change under this clause causes an increase or decrease in the Contractor's cost of, or the time required for, the performance of any part of the work under this contract, whether or not changed by any order, an equitable adjustment shall be made and the contract modified in writing accordingly; provided, however, that except for claims based on defective specifications, no claim for any change under B, above, shall be allowed for any costs incurred more than 20 days before the Contractor gives written notice as therein required; and provided further, that in the case of defective specifications for which the University is responsible, the equitable adjustment shall include any increased cost reasonably incurred by the Contractor in attempting to comply with such defective specifications.

5) If the Contractor intends to assert a claim for an equitable adjustment under this clause, he shall, within 30 days after receipt of a written change order under (1), above, or the furnishing of written notice under (2), above, submit to the procurement officer a written statement setting forth the general nature and monetary extent of such claim, unless this period is extended by the University. The statement of claim hereunder may be included in the notice under (2), above.

(6) Each contract modification or change order that affects contract price shall be subject to the prior written approval of the procurement officer and other appropriate authorities and to prior certification of the appropriate fiscal authority of fund availability and the effect of the modification or change order on the project budget or the total construction cost. If, according to the certification of the fiscal authority, the contract modification or change order will cause an increase in cost that will exceed budgeted and available funds, the modification or change order may not be made unless sufficient additional funds are made available or the scope of the project is adjusted to permit its completion within the project budget.

(7) No claim by the Contractor for an equitable adjustment hereunder shall be allowed if asserted after final payment under this contract.

41. Discretion in Determining Deviation and Compliance

The Procurement Officer shall determine which Firms have met the requirements of this RFP. The Procurement Officer shall have the sole authority to determine whether any deviation from the requirements of this RFP is substantial in nature, and the Procurement Officer may reject non-conforming Proposals. In addition, the Procurement Officer may reject in whole or in part any and all Proposals, waive minor irregularities in Proposals, allow a Firm to correct minor irregularities, and negotiate with all responsible Firms in any manner deemed necessary to serve the best interests of the University.

42. Prohibition Against Shift in Maryland Income to Out-Of-State Affiliates

The Firm may not, for any period during the Contract terms, seek to reduce the amount of Firm's income subject to Maryland income tax by payments made to an affiliated entity or an affiliate's agent for the right to use trademarks, trade names, or other intangible property associated with the Firm. The Firm agrees that during the course of this Contract it shall not make any such royalty or similar payments to any affiliated company; and if any such royalty or similar payments are made, the Firm and the affiliated company shall file separate Maryland income tax returns and pay their respective Maryland income taxes, in such a manner that Firm does not claim a deduction against Maryland income tax for such payments, and the affiliated company receiving the royalty or similar payment files Maryland income tax returns and pays Maryland tax returns and pays Maryland tax, under a formula that reasonably apportions the income of the affiliated company among the states, including Maryland, in which the Firm does business. The Firm agrees that it is authorized to bind its affiliated entities to the terms hereof.

43. Eligibility to Purchase

By submitting an offer to sell, the successful firm(s) agree to extend the offered prices to all State of Maryland Governmental Agencies: any County or Baltimore City; and Municipal Corporation, and any public or quasi-public agency that receives State money and is exempt from taxation under 501 (C) (3) of the IRS code.

44. Differing Site Conditions

(1) The Contractor shall promptly, and before such conditions are disturbed, notify the procurement officer in writing of: (a) subsurface or latent physical conditions at the site differing materially from those indicated in this contract, or (b) unknown physical conditions at the site of an unusual nature, differing materially from those ordinarily encountered and generally recognized as inhering in work of the character provided for in this contract. The procurement officer shall promptly investigate the conditions, and if he finds that such conditions do materially so differ and cause an increase or decrease in the Contractor's cost of, or the time required for, performance of any part of the work under this contract, whether or not changed as a result of such conditions, an equitable adjustment shall be made and the contract modified in writing accordingly.

(2). No claim of the Contractor under this clause shall be allowed unless the Contractor has given the notice required in (1) above; provided, however, the time prescribed therefore may be extended by the University.

(3) No claim by the Contractor for an equitable adjustment hereunder shall be allowed if asserted after final payment under this contract.

45. Gramm-Leach-Bliley Act of 1999

The Contractor agrees that in performing its obligations under this contract, the Contractor shall comply with all requirements of a non-affiliated third-party who receives a financial institution's consumer or customer information, under the Gramm-Leach-Bliley Act of 1999, and applicable regulations thereto (the "GLB Act") and other applicable federal and state consumer privacy acts, rules and regulations. Nonpublic personal information shall have the same meaning as that term is defined in the GLB Act.

a. The Contractor Agrees to disclose such nonpublic personal information for the sole purpose of facilitating the Contractor's performance of its duties and obligations under this contract and will not disclose such nonpublic personal information to any other party unless such disclosure is (i) allowed by the GLB Act and consented to by the Customer, or (ii) compelled by law, in which case the Contractor will provide notice of such disclosure to the Customer.

b. The Contractor represents and warrants that it will, for so long as it retains nonpublic personal information, implement and maintain in place the necessary information security policies and procedures for (i) protecting the confidentiality of such nonpublic person information, (ii) protecting against any anticipated threats or hazards to the security or integrity of such nonpublic personal information, and (iii) protecting against the unauthorized access to or use of such nonpublic personal information. These terms apply to all subcontractors employed by the contractor who perform work under the scope of this agreement.

46. Immigration Reform and Control Act of 1986

Requirement Contractor warrants and represents that it is currently in compliance, and that during the term of this contract it will remain in compliance, with the Immigration Reform and Control Act of 1986, and that it will obtain original valid employment verification documentation from all its employees on a timely basis as required by law and regulation. This requirement also applies to all subcontractors hired by Contractor.

47. Anti-Bribery

a. Vendors and Contractors are required to be aware of Maryland Code, State Finance and Procurement Article 12-101 which requires that any person convicted of bribery, attempted bribery, or conspiracy to the bribe based upon acts committed after July 1, 1977, in the obtaining of a contract from the disqualification pursuant to Maryland Code, State Finance and Procurement Article 12-101 from entering into a contract with the State or any county or other subdivision of the State, for the supply of materials, supplies, equipment or services by the person.

b. By executing any subsequent Contract as a result of this solicitation the Contractor affirms under the penalties of perjury that to the best of its knowledge, neither it nor any of its officers, directors, partners or any of its employees directly or indirectly involved in obtaining contracts with the State of Maryland, or any county or subdivision of the State has been convicted of, or have pleaded nolo contendere to a charge of bribery, attempted bribery or conspiracy to bribe under the laws of any state or the federal government.
