SCHOOL: LAW <input type="checkbox"/> MSB <input checked="" type="checkbox"/> YGCLA <input type="checkbox"/>	Contact Name: Tigi Mersha	Phone: x4965
DEPARTMENT / DIVISION: Accounting and MIS		
SHORT DESCRIPTION OF PROPOSAL (state action item 1-23 and course name & number or program affected):		
10. Change of program requirements BSMIS		
PROPOSED SEMESTER OF IMPLEMENTATION: Fall <input type="checkbox"/> Spring <input checked="" type="checkbox"/> Year: 2010		

O-1: Briefly describe what is being requested:

Add INSS 401 Internet and Business to the required program core for the BS in Management Information Systems (currently an elective).
 Move INSS460 Component Oriented Programming from the required program core to the elective list for the BSMIS.

For new courses or changes in existing courses (needed by Registrar)

OLD Title: N/A	Course # / HEGIS Code: N/A	Credits:
NEW Title: N/A	Course # / HEGIS Code: N/A	Credits:

O-2: Set forth the rationale for the proposal:

As the IT field continues to shift, web development skills are consistently valuable to MIS graduates. Making INSS401 a required course (exchanged with INSS460) will ensure all students in the program will have a first course, and enable them to more feasibly take the follow up web development elective INSS452 (web server development and CGI programming), which requires INSS 401 as a pre-requisite.

Impact Statement From the Office of University Relations

These changes could potentially affect the undergraduate and graduate catalogs—which the Office of University Relations currently manages and produces—as well as other recruitment publications that contain this type of specific academic material. The timing of the final approval for these changes will be a determining factor in our ability to incorporate the new information in a timely fashion in any related materials that are on our production schedule.
