Impact Statement From the Office of University Relations

These changes could potentially affect the undergraduate and graduate catalogs—which the Office of University Relations currently manages and produces—as well as other recruitment publications that contain this type of specific academic material. The timing of the final approval for these changes will be a determining factor in our ability to incorporate the new information in a timely fashion in any related materials that are on our production schedule.

SHORT DESCRIPTION OF PROPOSAL (state action item 1-23 and course name & number or program affected):		
Change in Program Requirements/DPA Program		
PROPOSED SEMESTER OF IMPLEMENTATION: Fall <input checked="" type="checkbox"/> Spring <input type="checkbox"/> Year: 2007		

O-1: Briefly describe what is being requested:

Change requirements in the DPA Program so that one of the four specialization courses required of DPA students be a methods course. The program is proposing the creation of three methods courses: PUAD 830: Survey Research; PUAD 831: Case Study Research; PUAD 832: Use of Existing Data/Advanced Statistics (see attached proposals).

For new courses or changes in existing courses (needed by Registrar)

OLD Title:	Course # / HEGIS Code:	Credits:
NEW Title:	Course # / HEGIS Code:	Credits:

O-2: Set forth the rationale for the proposal:

Completion of the Final Project (PUAD 899) for many DPA students has been hindered by lack of knowledge of data collection and analysis within a methodological paradigm. Students will be encouraged to determine the methodology that they wish to use in their final project and then sign up for the appropriate course. Students may also transfer in a methods course from another university or develop an independent study if they chose to use a methodology not covered by these courses. However, we estimate that 99% of the students will adopt one of these methodology courses.
