NEW TITLE	<input type="text"/>	SUBJECT CODE/COURSE NO.	<input type="text"/>	CREDITS	<input type="text"/>

DESCRIBE THE REQUESTED COURSE/PROGRAM ACTION (additional pages may be attached if necessary):

The requested action is the creation of a new course:

IMTC 761—Patents, Trademarks, & Technology (3). This course introduces students to three important areas of intellectual property law: trade secrets, patents, and trademarks. Together, these bodies of law protect the technology, image, and brand for products, processes, and services. The course addresses the policies underlying the protection of intellectual property and compares the different ways intellectual property can be used to protect commercial interests, particularly in rapidly changing technological areas like computers and the Internet. This course is intended for students who want an introduction to intellectual property. Prerequisite: IMTC 750 or permission of instructor.

SET FORTH THE RATIONALE FOR THIS PROPOSAL:

Knowledge about patents and intellectual property is important for innovation management and technology commercialization.
