**Settings**

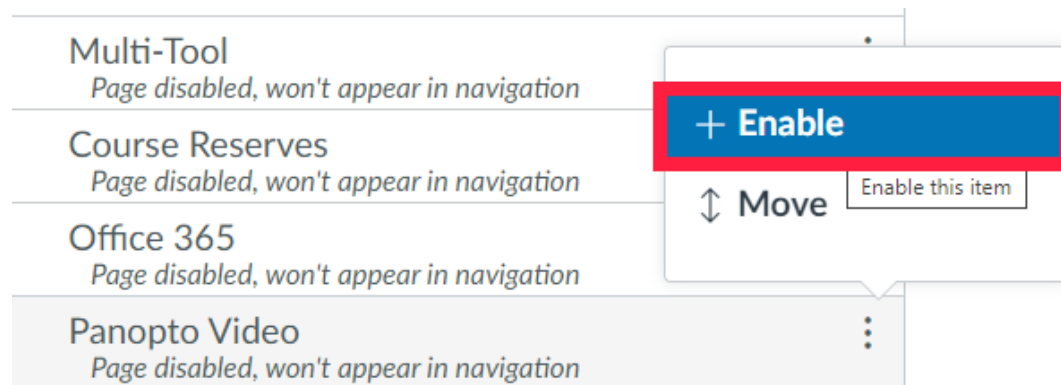

Step 2: Select the **Navigation** Tab

Step 3: Locate **Panopto Video** and click the three dots

Step 4: Select **Enable**

Step 5: Click **Save**

The screenshot shows a vertical list of navigation items, each with a title and a subtitle: "Multi-Tool" (Page disabled, won't appear in navigation), "Course Reserves" (Page disabled, won't appear in navigation), "Office 365" (Page disabled, won't appear in navigation), and "Panopto Video" (Page disabled, won't appear in navigation). The "Panopto Video" item is highlighted in grey and has a three-dot menu icon to its right. A context menu is open over this item, containing a blue "+ Enable" button, a "Move" option with a double-headed arrow icon, and a smaller "Enable this item" button.
