How Can I Get Involved?

Community Service Day: volunteer your time to create positive change in communities throughout Baltimore — whether it’s repainting schools or rehabbing houses.

Fuel for Finals: help UB students prepare for finals by serving free snacks and beverages during their final exams.

Alumni Appreciation Calling Night: join fellow UB alumni volunteers and staff as they make “appreciation calls” to donors thanking them for their support of the University.

Speed Networking Event: help UB students polish their professional skills and share your own tips for making a good first impression in a fast-paced environment.

Backpack to Briefcase: return to the classroom to share your experiences with students and provide them with advice specific to their program of study.

Professional Development Institute: dedicate your time to this one-on-one mentoring program that matches students with faculty, staff and alumni to explore interests and set career goals. The individualized plan helps students earn a competitive advantage by preparing them for the job market early in their education.

Commencement Reception: welcome new graduates following the ceremony at an on-campus celebratory reception. Help us host and treat the newest alumni, their family and friends to food and beverages compliments of the UBAA.

Spring Block Party: participate in this UB tradition on Gordon Plaza and interact with students as the school year comes to a close.

Savor UB: connect with a UB student over a meal. You will be matched based on your similar professional goals and social interests and have the opportunity to share great conversation over a meal at a local Baltimore restaurant.
