

# Ways To Get Involved

## Alumni Appreciation Calling Night

join fellow UB volunteers as they make “appreciation calls” to donors thanking them for their support of the University.

## Commencement Reception

welcome new graduates following the ceremony at an on-campus celebratory reception. Help us host and treat the newest alumni, their family and friends, to food and refreshments.

## Fuel for Finals

help UB students prepare for finals by serving free snacks and refreshments at on-campus locations when they need it the most.

## SavorUB

share advice and enjoy conversation with a student over a meal at a local Baltimore restaurant. Each match is based on your similar professional goals and interests.

## Speed Networking

help UB students polish their professional skills and share your own tips for making a good first impression in a fast-paced environment.

## Backpack to Briefcase

return to the classroom to share your experiences with students and provide them with advice specific to their program of study.

## Community Service Day

join hundreds of students, faculty, staff and alumni volunteers in this day of service. You’ll travel to one of a dozen service sites in the Greater Baltimore region to create positive change in a community.

## Professional Development Institute

dedicate your time to this one-on-one mentoring program that matches students with faculty, staff and alumni to explore interests and set career goals.

## Social Media Ambassadors

lend your voice and perspective by sharing news, events, and programming to your social network. And, join us as we celebrate #GivingTuesday, a global day dedicated to giving back.

## Spring Block Party

participate in this UB tradition on Gordon Plaza and interact with students as the school year comes to a close.
