The Student Achievement Measure is supported by six sponsoring associations, working together to provide a more comprehensive and accurate picture of student progress and completion as students move across institutions and state boundaries.

University of Baltimore

The University of Baltimore is the public undergraduate, graduate and professional University located in the heart of the state's largest city. UB provides real-world education – Knowledge That Works – in business, law, public affairs and the applied arts and sciences. Flexible day, evening, weekend and online class schedules meet the needs of working students juggling busy personal and professional lives. UB prides itself on its diverse population, which includes transfer students from Maryland's community colleges and working adults with families as well as recent high school graduates. UB is an engaged partner in its urban community, as its four schools – the Yale Gordon College of Arts and Sciences, the Merrick School of Business, the College of Public Affairs and the School of Law – play prominent roles throughout the city, state and region, supporting public and private organizations through research, service and civic awareness.
