

GUIDE TO GRADUATION

Academic Year 2008-2009

B.S. in BUSINESS ADMINISTRATION

MANAGEMENT

SPECIALIZATION

www.ubalt.edu/management

The Merrick School of Business is committed to providing the guidance and support you need to complete your program in a timely manner. This **Guide to Graduation** provides the in-depth information necessary to assist you in planning your undergraduate academic career. It contains a complete checklist of required courses and a suggested plan of study, as well as detailed course information, including course prerequisites and projected course offerings.

While this information will be helpful to you, you should also contact the Merrick Advising Center. They are here to assist you in planning your program plan of study and to answer any questions that you may have. Advisers are available during the day and the evening. Students in the online programs and who do not have access to the campus will be advised electronically. All new students should meet with an adviser prior to registering for their first semester to receive a personalized program plan of study.

Although your academic adviser will assist you in planning your program, it is ultimately your responsibility to complete the degree requirements and acquaint yourself with the University's academic policies.

Call to schedule your advising appointment today!

PROGRAM CHECKLIST

B.S. in Business Administration Management Specialization

Name:

Student ID Number:

Semester:

DEGREE REQUIREMENTS	UB COURSE	CREDITS	GEN. ED.	SEMESTER COMPLETED
GENERAL EDUCATION AND UNIVERSITY REQUIREMENTS				
University Requirements		<i>Note: The following two courses are only required of UB freshmen.</i>		
Seminar – Applied Learning & Study Skills	IDIS 101	2		
Introduction to Information Literacy	IDIS 110	3		
Lower Division Gen Ed Requirements				
English Composition	WRIT 101	3	WRIT	
Literature		3	ENGL	
History or Philosophy		3	HIPL	
Fine Arts		3	ART	
Social Science 1 (Other than ECON)		3	SOSC 1	
Biological & Physical Science 1		3	GSCI 1	
Biological & Physical Science 2 (1 with lab)		4	GSCI 2	
Upper Division Gen Ed Requirements				
Ethical Issues in Business and Society	IDIS 302	3	IDIS	
Advanced Expository Writing (by 2 nd semester in the program)	WRIT 300	3	WRIT	
BUSINESS REQUIREMENTS				
Prerequisite Courses				
Introduction to Financial Accounting	ACCT 201	3		
Introduction to Managerial Accounting	ACCT 202	3		
Business Law I	BULA 151	3		
Oral Communications	CMAT 201 or 303*	3	SPCH	
The Economic Way of Thinking	ECON 200*	3	SOSC 1	
College Algebra	MATH 111*	3	MATH	
Introduction to Business Statistics	OPRE 201	3		
Business Core Requirements				
Managerial Economics	ECON 305	3		
Financial Management	FIN 331	3		
Management Information Systems	INSS 300*	3	COSC	
Human Resource Management	MGMT 300	3		
Organizational Behavior	MGMT 301	3		
Global Business Environment	MGMT 302	3		
Process & Operations Management	MGMT 339	3		
Marketing Management	MKTG 301	3		
Business Application of Decision Science	OPRE 315	3		
Statistical Data Analysis	OPRE 330	3		
Strategic Management taken in final semester	MGMT 475	3		
MANAGEMENT REQUIREMENTS				
International Management	MGMT 465	3		
Approved MGMT Elective (see current catalog)		3		
Approved MGMT Elective (see current catalog)		3		
Approved MGMT Elective (see current catalog)		3		
Approved Business Elective (non-MGMT)		3		
Electives - Number of electives may vary and will be determined at initial advising meeting.				
Total Transfer Credits: _____	Total Credits Required: _____	Total Credits Earned: _____	Minimum of 120 credits	

*These courses also satisfy the following general education requirements: Math, Computer Literacy, Oral Communications, and one Social Science.

GUIDE TO GRADUATION

B.S. in Business Administration Management Specialization

Below is an example plan of study for the B.S. in Business Administration program with a Management specialization. This is meant to act as a guide, but need not be followed in the same order for every student. Part-time students and those students transferring in credits from another university or college will need to adjust their plan accordingly. Students should consult with their adviser each semester prior to registration.

FALL SEMESTER		SPRING SEMESTER	
Freshmen			
IDIS 101	Applied Learning & Study Skills	WRIT 101	College Composition
IDIS 110	Intro to Information Literacy		Gen Ed or Lower-Level Elective
DVMA or MATH 111	College Algebra		Gen Ed or Lower-Level Elective
	Gen Ed or Lower-Level Elective		Gen Ed or Lower-Level Elective

	Management Elective		Business Elective
	Elective		Elective

Important Student Information:

- Maintain a minimum cumulative grade point average of 2.0.
- Earn a minimum of “C-” in all required courses with the exception of non-Business electives.
- Earn a minimum grade of “C” in **WRIT 300 and IDIS 302**.
- Apply up to 60 credits of community college work or up to 90 credits of four-year college or university work toward degree requirements, unless an articulation agreement stipulates otherwise.
- Complete at least 30 credits at the University of Baltimore.
- **PLACEMENT TESTING** is required for MATH 111 *College Algebra* and WRIT 300 *Advanced Expository Writing*. For complete information visit the following Web site: <http://www.ubalt.edu/arc>.

Note: The provisions of this fact sheet are not to be regarded as a contract between the student and the University of Baltimore. The Merrick School reserves the right to change courses, schedules, calendars, and any other provisions or requirements. Students are responsible for the selection of courses, completion of degree requirements, and acquainting themselves with academic policies.

PREREQUISITE COURSES

Course	Course Title	Course Description	Prerequisite	Semesters Offered
ACCT 201	Introduction to Financial Accounting	A comprehensive study of basic financial accounting processes applicable to a service, merchandising and manufacturing business. An analysis of transactions, journalizing, posting, preparation of working papers and financial statements.		Fall and Spring semesters and occasionally in the Summer.
ACCT 202	Introduction to Managerial Accounting	An introductory study of managerial accounting processes including job order costing, process costing, cost-volume-profit analysis, standard costs, activity-based costing, cost analysis, budgeting and managerial decision making.	ACCT 201 or equivalent with a minimum grade of C	Fall and Spring semesters and occasionally in the Summer.
BULA 151	Business Law I	A basic study of the judicial system, contracts, agency, fraud, sale of personal property, warranties, transfer of title and legal remedies		Fall and Spring semesters and occasionally in the Summer.
CMAT 303	Oral Communication in Business	Extensive practice in presentational speaking, briefing techniques, the mechanics and dynamics of group meetings and the development of interviewing, critical listening and interpersonal communication skills. Laboratory fee required. Note: If students have already completed CMAT 201, they don't need to complete CMAT 303.		Fall and Spring semesters and occasionally in the Summer.
ECON 200	The Economic Way of Thinking	An economist sees the world in a unique way and is able to provide a different perspective on many issues. This course presents the "economic way of thinking" with an emphasis on being able to make effective decisions in a wide variety of economic and business situations. In addition, the "economic way of thinking" is used to understand the impact of business and government policies and actions on our daily lives.		Fall and Spring semesters and occasionally in the Summer.
MATH 111	College Algebra	Provides students with more advanced skills required for high-level applications of mathematics. Negative and rational exponents; functions, their properties and operations including inverse functions; linear, quadratic, polynomial, rational, absolute value, exponential and logarithmic functions are explored. Students develop graphical and algebraic skills and study applications of concepts.	Adequate placement test score or successful completion of DVMA 95	Fall and Spring semesters and occasionally in the Summer.
OPRE 201	Introduction to Business Statistics	An introductory course in descriptive and inferential statistical concepts and techniques used in business. The study of probability concepts includes discrete and continuous probability distributions. Topics in descriptive statistics explore measures of location and dispersion and the correlation coefficient. The study of inferential statistics includes sampling distributions of statistics, confidence interval estimation and an introduction to hypothesis testing.	Adequate placement test scores or successful completion of DVMA 95: Intermediate Algebra	Fall and Spring semesters and occasionally in the Summer.

BUSINESS CORE REQUIREMENTS

Course	Course Title	Course Description	Prerequisite	Semesters Offered
ECON 305	Managerial Economics	Managers and business professionals need the wide variety of tools provided by economic theory to deal with the many complex issues facing organizations in today's competitive global markets. This course focuses on the economic forces affecting the process of organizing economic activity. The primary tools of analysis are imperfect information, transaction costs and the voluntary pursuit of efficiency.	ECON 200 or 3 hours of micro- or macroeconomics	Fall and Spring semesters and occasionally in the Summer.
FIN 331	Financial Management	An overview and understanding of fundamental principles of financial decision making and their application to internal and external problem solving by the business enterprise. Topics include financial statement analysis and forecasting, time value of money and security valuation, corporate capital budgeting, cost of capital and capital structure. Thematic coverage encompasses the traditional, international and ethical dimensions of financial decision making.	ACCT 201 and ECON 200 or 3 hours of micro- or macroeconomics	Fall and Spring semesters and occasionally in the Summer.
INSS 300	Management Information Systems	Provides a fundamental knowledge of information systems and technology (IS&T) issues from the perspective of business professionals. This includes information technology concepts and vocabulary, as well as insights into IS&T applications in business organizations. Topics include searching and extracting information to solve business problems; the role of organizational context in IS&T effectiveness; the economic, social, legal and ethical impacts of IS&T; the systems life cycle approach; and key technologies such as the Internet, networking and database management systems.		Fall and Spring semesters and occasionally in the Summer.
MGMT 300	Human Resource Management	An exploration of competence areas necessary for effectively dealing with people in the workplace. Emphasis is placed on practical application of knowledge gained in the areas of human resource planning, job analysis, selection, training, compensation and safety/health administration. An overview of labor management relations is provided. Course coverage includes diversity, ethics, communication and international considerations.		Fall and Spring semesters and occasionally in the Summer.
MGMT 301	Organizational Behavior	An analysis of individual behavior, interpersonal relationships in organizations, the nature of work, values and ethics, motivation and morale, teamwork, communications and group dynamics, leadership and supervision, and organizational theory and change. Course coverage includes significant research from the behavioral sciences and examples from the international perspective.		Fall and Spring semesters and occasionally in the Summer.
MGMT 302	Global Business Environment	Enhances students' abilities to operate successfully in today's multicultural, global environment. Students will gain a theoretical basis for understanding key aspects of the global business environment, as applied to small companies, multinational corporations, multilateral institutions and nongovernmental organizations. Students will explore the impact of globalization at home and abroad. Course modules aim to broaden students' understanding of similarities and differences among national political economies, legal systems and sociocultural environments including world religions, business ethics and social responsibility. Students will survey business functions as they are applied to expand and manage international operations.		Fall and Spring semesters.
MGMT 339	Process & Operations Management	Provides an overview of managing critical resources efficiently and effectively to create physical goods, services and information goods in manufacturing and service organizations. Topics include operations strategy, project management, forecasting, location and layout of facilities, capacity and process planning, upstream and downstream supply chains and the role of the Internet, operations and environment, matching supply and demand, scheduling, job design and quality management. Integrated throughout are considerations of ethics, information systems, people involved and the domestic and international environment.		Fall and Spring semesters.

BUSINESS CORE REQUIREMENTS (continued)

Course	Course Title	Course Description	Prerequisite	Semesters Offered
MKTG 301	Marketing Management	A basic course in the contribution of marketing to the firm or organization that includes decision-making tools for integrating product, price, distribution, and communication decisions and processes into an organization competing in a global environment. Students also build skills in oral and written communication.		Fall and Spring semesters and occasionally in the Summer.
OPRE 315	Business Application of Decision Science	A study of managerial decision-making processes using a decision sciences approach. Topics include linear and integer models and decision analysis and their application in investment problems, media selection, market research, product mix, production planning, personnel scheduling and transportation design, among others. Special emphasis is on understanding the concepts and computer implementation and interpreting the results to write management reports.	MATH 111	Fall and Spring semesters and occasionally in the Summer.
OPRE 330	Statistical Data Analysis	A second course in the statistical analysis of data related to business activities with emphasis on applications in various functional areas including accounting, finance, management, marketing and operations management, among others. Topics include estimation, hypothesis testing, contingency tables and chi-square test, analysis of variance and covariance, simple and multiple regression analysis and correlation analysis. Computer implementation using Excel-based statistical data analysis or other relevant software and interpretation of results for business applications are emphasized.	OPRE 201 and INSS 100 or equivalent	Fall and Spring semesters and occasionally in the Summer.
MGMT 475	Strategic Management	This capstone course utilizes the case method to study processes, strategy, change and policy issues arising at the general management level. This course must be taken in the final semester.	All upper-division core courses	Fall and Spring semesters and occasionally in the Summer.

MANAGEMENT REQUIRED COURSES

Course	Course Title	Course Description	Prerequisite	Semesters Offered
MGMT 465	International Management	An intensive introduction to the practice of business in the international setting, as well as the various cross-cultural factors found around the world.	MGMT 302	Fall and Spring semesters.

Choose three courses from the following:

Course	Course Title	Course Description	Prerequisite	Semesters Offered
ENTR 300	The Entrepreneurial Experience	The entrepreneurial process considered as a paradigm, tracing the process and highlighting its practical applications. Special emphasis on the creation and initial growth phases of new ventures, with discussion of related ethical, international and legal issues. Local entrepreneurs serve as guest speakers. Open to all students, this course functions as a survey course as well as the first in the specialization in entrepreneurship sequence.		Fall and Spring semesters and occasionally in the Summer.
MGMT 400	Human Resource Analysis and Communications	An exploration of data analysis and presentation skills for human resource decision making. Research skills and computer technology are applied to planning, selection, compensation, survey data, organizational effectiveness and utilization analysis. Special emphasis is placed on oral, written and electronic communication skills.	MGMT 300 and 301 or MGMT 300 and concurrent enrollment in MGMT 301	Spring semester.

Choose three courses from the following:

Course	Course Title	Course Description	Prerequisite	Semesters Offered
MGMT 410	Employment Relations Law	An in-depth discussion of employment law as it applies to recruitment, selection and promotion decisions, as well as management's responsibility to comply with the many federal laws pertaining to employer-employee relations.	MGMT 300 and concurrent enrollment in MGMT 301	Fall semester.
MGMT 415	Compensation and Performance Management	A study of the objectives, procedures and problems involved in the establishment and administration of operative and executive compensation plans. Detailed examinations of job descriptions and evaluations, wage and salary structures, performance ratings, incentive systems, related legislation and occupational information are conducted.	MGMT 300	Fall semester.
MGMT 419	Seminar in Human Resource Management	An in-depth analysis of current challenges to human resource managers in small to multinational organizations. Cases and simulations are integral aspects of the learning experience.	MGMT 300 and 301 or MGMT 300 and concurrent enrollment in MGMT 301	Spring semester.
MGMT 425	Employee and Labor Relations	An analysis of the history and development of the American labor movement. Emphasis is placed on labor legislation and present practices in contract negotiations, analysis and administration. An overview of international labor issues is provided.	MGMT 300	Fall semester.
MGMT 430	Quality and Productivity Management	All aspects of quality in creating goods and services. The relationships among customers, employees, suppliers and other stakeholders; the impact of quality on organizational productivity; measures of output performance; and benchmarking.	MGMT 339	Spring semester.
MGMT 445	Service Operations	A detailed study of various topics in effective and efficient management of service operations in both public- and private-sector organizations. Topics include understanding the unique features of services, service strategy, the interface between marketing and operations in service management, design of service operations, service quality management, customer satisfaction and retention, managing customer contact, service capacity management and location choice. Case studies supplement lectures and readings.		Fall semester.
MGMT 495	Internship: Management	Internship opportunities broaden the education experience and can incorporate skills not practiced in the classroom environment. For details, contact the Career Center and the area coordinator.	See your academic advisor.	
MGMT 496	International Business Practicum	Students have the opportunity to work closely with a company engaged in international business. The course requires a substantial work assignment consistent with expectations for a 3-credit course in the Merrick School. The faculty member will approve a statement of student responsibilities and design a monitoring mechanism prior to beginning the work.		Offered according to demand.
MGMT 497	Special Topics in Management	An intensive exploration of topics in the area of management. Refer to the current class schedule for topic offered.	Determined by instructor.	Offered according to demand.
MGMT 499	Independent Study: Management	An independent study under the direction of a faculty member.	See your academic advisor.	

PLEASE NOTE: Students in the management specialization also have to choose one business elective from the recommended 300- or 400-level business courses.
