

MERRICK SCHOOL OF BUSINESS

N. Raju Balakrishnan, dean

M. Kathryn Demarest, associate dean

Kathea Smith, assistant dean, enrollment, academic affairs and student services

Mikhail Pevzner, graduate program director

ubalt.edu/merrick

MISSION

The Merrick School of Business' mission is to use its urban education hub to offer practical, career-minded and globally engaged business education that inspires professional and entrepreneurial growth. Its students learn to make a positive impact from faculty members who develop compelling knowledge that influences communities, businesses, professions and scholars. Its vision is to be known for serving students from deeply diverse backgrounds who become successful entrepreneurs and professionals.

The Merrick School of Business is an AACSB International-accredited school, and it was recognized by *U.S. News & World Report* as providing one of the nation's best undergraduate business programs and online MBA programs. The Merrick School of Business focuses on continuing a trajectory of academic excellence. It continues its efforts to transform and empower students while remaining true to its legacy of serving nontraditional and first-generation college students.

ORGANIZATION

The Office of the Dean is responsible for the administration of the Merrick School of Business, maintaining relationships with the business community, and student and academic advising. The business school is organized into six academic disciplines and Dr. Ven Sriram is the Chair of the Faculty.

ACCREDITATION

The Merrick School of Business is accredited by AACSB International, the accrediting body for schools of business. AACSB International accreditation is the mark of excellence in educational programs in business, awarded only when rigorous standards for courses, curricula, faculty and resources have been met. The University of Baltimore is also accredited by the Middle States Commission on Higher Education and recognized by the Maryland Higher Education Commission.

STUDENTS

Approximately 700 students are enrolled in programs in the Merrick School of Business, with more than 400 in the graduate programs. The average age of graduate students is 31. More than 80 percent of students work full or part time. Because of the level of maturity and the professional experience of students, the interchange of ideas in the classroom is lively and highly informative.

FACULTY

Merrick School of Business faculty members bring to the classroom exceptional professional and academic credentials. Ninety percent of full-time faculty members possess a doctorate in their fields. In addition, Merrick School of Business faculty members have professional certifications and extensive

professional work experience with business, government or nonprofit organizations. Professors combine a dedication to teaching with significant research, professional and community service activities. Faculty members adhere to the high-quality standards of teaching mandated by AACSB International accreditation, and their teaching efforts consistently rate exceptionally high on internal measures of teaching excellence.

FACILITIES

The Merrick School of Business is located within the William H. Thumel Sr. Business Center at North Charles Street and Mount Royal Avenue on The University of Baltimore campus. This six-story building features wireless internet access and contains 16 classrooms, all of which are “smart rooms” featuring state-of-the-art display capabilities, five seminar rooms for small-group discussions, a 200-seat auditorium with simultaneous translation capability, catering and meeting facilities, a student lounge, offices for the Merrick School of Business faculty and administration, and a computer lab for student use.

CENTERS AND INSTITUTES

The Merrick School of Business houses the following centers and institutes:

- the Center for Entrepreneurship and Innovation
- the Jacob France Institute.

GRADUATE STUDIES IN THE MERRICK SCHOOL OF BUSINESS

The objectives of all Merrick School of Business graduate programs are to provide students with the appropriate knowledge, professional competencies and flexibility to enhance entry into the job market, and to prepare students for meaningful career advancement.

The Merrick School of Business offers a flexible MBA and an online MBA program. The program requirements are the same whether all courses are taken on campus or online. The flexible MBA offers 10 areas of specialization that allow students to take classes on campus, online or both. The online MBA offers four areas of specialization. Students in the flexible and online MBA can also customize their elective coursework based on available offerings and career objectives. Students may also choose from one of our five discipline-focused M.S. programs: Accounting and Business Advisory Services (joint program with Towson University), Cybersecurity Management, Finance, Taxation (offered in partnership with the School of Law), and Nonprofit Management and Social Entrepreneurship (offered in partnership with the College of Public Affairs). The M.S. in accounting and business advisory services is also available fully online. In addition, certificate programs are available in accounting fundamentals, business fundamentals, business valuation, government financial management, internal audit services and organizational leadership.

Master's Programs

- Master of Business Administration (MBA)
- Online MBA
- Accounting and Business Advisory Services (M.S.; joint degree with Towson University)*
- Online Accounting and Business Advisory Services (M.S.)
- Finance (M.S.)*
- Cybersecurity Leadership (M.S.)*

- Artificial Intelligence for Business (M.S.)*
 - Nonprofit Management and Social Entrepreneurship (M.S.; offered in partnership with the College of Public Affairs)
- *Denotes STEM designated programs

Cooperative MBA Programs

- MBA/J.D. (with The University of Baltimore School of Law and the University of Maryland School of Law)
- MBA/M.S. in Nursing (with the University of Maryland School of Nursing)
- MBA/Pharm.D. (with the University of Maryland School of Pharmacy)

Graduate Certificate Programs

- Accounting Fundamentals
- Business Fundamentals
- Business Valuation
- Government Financial Management
- Organizational Leadership

APPLICATION REQUIREMENTS FOR GRADUATE BUSINESS PROGRAMS

Applicants are responsible for presenting the following information to be considered for admission:

- a formal application submitted to the Office of Admission (410.837.4777, admission@ubalt.edu) with the appropriate application fee; apply online at ubalt.edu/apply
- an official copy of transcripts from all institutions attended
- a letter of recommendation testifying to the abilities of the applicant to successfully complete a graduate business program and indicating what contributions the applicant can make to the University and to its programs. Students with an undergraduate GPA of 3.0 or higher are not required to submit a letter of recommendation.
- a personal statement: Detail your reasons for seeking a graduate business degree, your short- and long-term professional and personal goals, and how you think a graduate business degree will help you achieve them. Provide any additional information highlighting unique aspects of your candidacy to the admission committee. Please limit statement to 1,000 words.
- a resume.

Note: A GMAT score is not required for graduate programs, but scores may be submitted as additional information.

ADMISSION CRITERIA

Admission to the Merrick School of Business is competitive. The Graduate Admission Committee considers such variables as the applicant's undergraduate GPA, the applicant's undergraduate program, professional and work experience, career goals and objectives, leadership and community service, and if applicable, the total score and percentile ranking on the GMAT. An applicant eligible for consideration is not guaranteed an offer of admission. GMAT scores, if presented, are used only in the consideration of scholarship awards.

CHANGE OF GRADUATE PROGRAMS

Students in good academic standing (see the [Satisfactory and Unsatisfactory Progress](#) section of this catalog) who also meet the current admissions requirements for the Merrick School of Business master's program they are interested in pursuing may seek an administrative change from their current Merrick School of Business master's program to another Merrick School of Business master's program without having to apply for admission. Students seeking such an administrative change must complete a change of program/specialization form, available in the Office of Records and Registration. The student presents that form to the graduate program adviser in the Merrick School of Business. The adviser will review the student's qualifications and in consultation with the program director approve the change and the courses to be transferred and sign the form.

Students who are not in good standing or do not fully meet the current admissions requirements for the program they seek may apply (through the Office of Admission) to enter a different Merrick School of Business master's program. The admission fee will be waived.

Note: If the student changes from one program and/or major to another, his/her graduation requirements are those that are in effect at the time he or she becomes a degree candidate in the new program or major.

If the student is unconditionally accepted, credits will be transferred from one Merrick School of Business master's program to another Merrick School of Business master's program* as follows:

- A maximum of 24 credits may be transferred with approval of program director/dean's office.
- Courses transferred must have a grade of C or better and cumulative GPA of 3.0 or higher.
- Courses may be transferred if taken within the last 7 years as long as continuously enrolled or approval of the dean if beyond 7 years.

**This policy only applies to students changing from one Merrick School of Business master's program to another Merrick School of Business master's program. It is not applicable to Merrick School of Business graduate certificate programs, students moving from one MBA program to another MBA program, such as the online MBA to J.D./MBA, or students interested in pursuing a second master's degree (see section on Second Master's Degree).*

MASTER'S ADVANTAGE

Business professionals seek ways to differentiate themselves and gain a personal competitive advantage. Many already have a graduate business degree, such as an MBA, and pursue postgraduate study to further build on their professional and academic knowledge base. To meet this need, the Merrick School of Business offers the Master's Advantage. The Master's Advantage is a postgraduate, nondegree program that provides students the opportunity for lifelong learning and professional development. It is geared toward students who have earned a master's or doctoral degree from an AACSB International-accredited business school. Students can take courses toward a second specialization or a career change, or to enhance their knowledge base in their current career.

To apply to the program, prospective students need to submit an online application, undergraduate and graduate transcripts, and a resume.

SECOND MASTER'S DEGREE

A student may pursue a second master's degree within the Merrick School of Business. Credits will be transferred from the first degree to the second degree with approval of program director/dean's office as follows:

- Transferred courses must be B or better.
- A maximum of 12 credits may be transferred if a student is continuously enrolled.
- A maximum of 9 credits may be transferred if a student is not continuously enrolled.
- Only courses that have not been applied previously to both the first master's and a postbaccalaureate certificate within a master's or as part of the accelerated bachelor's/master's may be transferred to the second master's.

A second MBA may not be obtained.

WAIVER POLICY AND TRANSFER OPTIONS

The following qualifications govern the waiver of foundation/prerequisite courses and the transfer of required (integrated core) and elective courses:

- Students with a bachelor's degree in business from an AACSB accredited institution may have all foundational courses waived provided admission was not conditional and maintained employment in the field.
- Students who have not maintained employment in the field must have graduated within the previous five years.
- Students who received condition admission due to GPA will have foundational courses waived if a B or better was earned.
- Students with a bachelor's degree in any field from a non-AACSB accredited institution may have one or more foundational courses waived provided their cumulative GPA was 3.0 or higher, earned a B or better in foundational courses, and maintained employment in the field.
- Conditionally admitted students who have not maintained employment in the field must have graduated within the previous five years.
- No remedial courses are considered.
- Advanced Placement courses will be given consideration.

The following qualifications govern the transfer of program requirements:

- Any graduate courses considered for transfer must have grades of B or higher.
- Courses must have been completed in a degree that is less than five years old or as an individual course within the past five years.
- A maximum of 6 graduate credits may be transferred from previous study at another AACSB International-accredited university to satisfy credits beyond the fundamental courses.
- The director graduate programs must approve course content
- Credit for prior learning through industry certification is available

VISITING STUDENTS

A student who has matriculated into a graduate or professional studies program at another regionally recognized university and is in good standing may be accepted for course enrollment on a space-available basis. Visitors from other universities must file an application as a visiting student. A letter of introduction from the student's program director citing the foregoing conditions is required in lieu of meeting other GMAT or transcript requirements. This letter should state which courses are being approved by the student's home institution.

Students from UBalt's Yale Gordon College of Arts and Sciences, College of Public Affairs, or School of Law will be permitted to enroll in graduate business courses with written permission from their program adviser or director.

GRADUATION REQUIREMENTS

All candidates for graduation must meet the specific requirements for their program of study, comply with the academic policies of The University of Baltimore and file for graduation no later than the beginning of their last semester (date specified in the course schedule).

MERRICK SCHOOL OF BUSINESS ACADEMIC ADVISING

Merrick School of Business

Tel: 410.837.4944

Michael Swaby-Rowe-Manager, Merrick Advising Center

Matthew Mazick, Academic Advisor

Dawn Taylor, Academic Advisor

Shawnte Ware, Academic Advisor

All new candidates will receive a program checklist and must meet with an adviser prior to registering for their first semester. Academic advisement is available in the Merrick Advising Center within the William H. Thumel Sr. Business Center, Room 142. The center offers day and evening hours. Scheduled appointments are recommended. To make an appointment, call 410.837.4944 or email merrickadvising@ubalt.edu. Advisers provide information on Merrick School of Business programs, policies and procedures. Students who do not have access to the campus will be advised electronically. Academic advisers assist students in selecting appropriate courses to satisfy degree requirements. Students are advised that any deviation from their program of study must be approved. Department chairs and Merrick School of Business faculty members are also available to assist students in planning their academic program and discuss career goals.

Continuing students in good academic standing can register without an adviser's signature and are responsible for following their program guide. Continuing students who must obtain advisement and/or permission to register are:

- students changing their program or specialization
- certificate students
- students on academic probation
- readmitted students
- nondegree students

- students registering for an internship, independent study or practicum course
- students requesting to take more than 9 credits during a regular semester or 6 credits during a summer session (requires permission from the Office of the Dean; please see the [Course Load](#) section of this catalog)
- students requesting to take a course at another college or university
- students reinstated from suspension.

Although the academic adviser will assist the student in planning a program, each student must assume responsibility for knowing curriculum requirements and seeing that these requirements are met. Subsequent to admission, students are assigned an academic adviser for consultation throughout the program.

Consistent and timely academic advising is strongly related to student success. To enhance the services we provide to students and to increase the likeliness for success and on-time degree completion, UBalt requires mandatory milestone advising for all new graduate students as of Spring 2023. Milestone advising is anchored at two specific touch points and aligned with the personal, professional and academic goals of students at those points:

- 12 credits: Advisors will work with students to prepare for potential internships, global field studies and refinement of elective options. Students will be reintroduced to the support services offered by the Career and Internship Center.
- 24 credits: Advisors will focus on the final steps to graduation and career opportunities related to their degree and interests

Students who have reached these important milestones must meet with their advisers to discuss their next steps for registration, course scheduling and other key academic topics before they register for classes. Advisers will release the milestone advising service indicator on students' accounts at the conclusion of the advising meetings.

ACADEMIC POLICY ON SATISFACTORY AND UNSATISFACTORY PROGRESS

A graduate business student who fails the same course twice or fails two different courses at least once will be placed on academic probation. Probation is automatic and will be noted on a student's transcript. A student whose cumulative grade point average is below 3.0, after having completed at least 6 credits, is automatically on probation. Students on probation have 6 additional credits to raise their average to 3.0; failure to do so will result in suspension. Students are allowed to register to repeat and replace a maximum of one course (3 credit hours) in the program. Please see the [Academic Policies](#) section of this catalog for further details regarding satisfactory and unsatisfactory progress.

GRADUATE ASSISTANTSHIPS

Assistantship positions sponsored by the Merrick School of Business are posted on the [Career and Internship Center's e-Recruiting website](#). Opportunities for graduate assistantship positions are based on particular needs of the faculty and administration. Positions are competitive in nature and applications are received through the Career and Internship Center online portal.

ACCELERATED B.S./MBA/M.S.

Undergraduate students of recognized academic ability and educational maturity may combine the requirements for an undergraduate business degree with those of a master's degree in the Merrick School of Business. A maximum of 9 graduate credits, completed during the last 30 credits of undergraduate study, may be applied simultaneously to the requirements for both the bachelor's and the master's degrees. Those interested should discuss their options with their academic adviser.

To be eligible for the accelerated B.S./MBA/M.S., students must have an undergraduate grade point average of at least 3.2, with at least 15 credits earned at UBalt, and be admissible to the graduate program to which they are applying for the accelerated option. The undergraduate GPA is calculated using all graded collegiate credits attempted at UBalt and other institutions over the past five years. At least 15 credits must be upper-division credits (300-level or above). Individual programs may require a certain number of credits to be upper-division credits in the major and for those credits to achieve a certain grade point average. Students should apply for the accelerated option prior to beginning the last 30 credits of their bachelor's degree so that if accepted, they may attempt the graduate credits during the last 30 credits of that degree. Students may not apply before they have successfully completed at least 75 credits, and the grade point average for acceptance will not be calculated until at least 87 credits have been completed. Students interested in an accelerated option should consult with an adviser as soon as possible.

To remain in the program once accepted, students must maintain a 3.5 GPA in their undergraduate coursework and a 3.0 GPA in their graduate coursework.

In applying for the program, students must secure the approval of the dean's representative and the undergraduate and graduate chairs involved, and develop an approved course plan prior to beginning the last 30 credits of their undergraduate degree. The application is on the UBalt website.

Students must be in [continuous enrollment](#) at The University of Baltimore for this agreement to remain in effect. Those who fail to maintain the eligibility requirements will be dropped from the accelerated option. Applicability (if any) of graduate courses to the undergraduate degree will be determined on an individual basis. Students should be aware that graduate courses applied to both undergraduate and graduate degrees at The University of Baltimore may not transfer as graduate credits to another institution.

Participation in the accelerated B.S./MBA/M.S. does not guarantee admission to any The University of Baltimore graduate program. Unconditional admission to the Merrick School of Business graduate programs requires an appropriate score on the GMAT and a completed application. The completed 9 graduate credits may count toward any post-bachelor's degree certificate or degree program, if applicable. Applications for admission and payment of applicable fees to the graduate program must be made during the semester immediately prior to the completion of the credits required for the bachelor's degree. Admission to the graduate program will be effective the semester after completing the credits for the bachelor's degree.

MBA AND ONLINE MBA

ubalt.edu/mba

Kathea Smith, assistant dean, enrollment, academic affairs and student services

Mikhail Pevzner, graduate program director

The Merrick School of Business offers a flexible MBA and an online MBA program. The MBA program requirements are the same, no matter if students take all of their courses on campus or online. Courses are offered on campus in the evenings and online year-round, and students work with advisers to create schedules that best meet their individual needs. The flexible MBA allows students to take classes on campus, online or both, and offers ten areas of specialization. The online MBA offers four areas of specialization. Students in the flexible and online MBA can also customize their elective coursework based on available offerings and career objectives. In addition, the Merrick School of Business has four cooperative MBA programs leading to award of both an MBA and advanced degrees in law, nursing and pharmacy.

The MBA is designed to encourage intellectual exploration and the application of theory to practice. Students develop the skills and resources necessary to pursue their professional goals and, upon graduation, become part of a dynamic alumni community of business leaders from a vibrant and distinguished business school.

Students who wish to study in the U.S. on an F-1 student visa are not eligible for the online MBA program. If you wish to enroll in the online MBA program and remain in your home country or another country outside of the U.S., that is an option you may wish to pursue; please consult with the Office of International Admission and Services about the online programs offered at UBalt.

MBA PROGRAM LEARNING GOALS

In today's dynamic marketplace, successful managers must be innovative and entrepreneurial, combining a general knowledge of business functions with specific skills in their areas of responsibility. The MBA program provides students with expertise and proficiency in core business competencies organized around the themes of strategy and innovation, leading and managing people, interfacing with external stakeholders, managing the value chain, managing performance and risk, and leveraging technology and business intelligence. Business ethics, communication and global awareness are infused through all courses.

After completing the program, graduates will have the following skills and competencies:

- managing strategy and innovation
- managing and leading people
- interfacing with external stakeholders
- managing the value chain
- managing performance and risk
- leveraging technology and business intelligence.

DEGREE REQUIREMENTS

The MBA program requires the completion, of required core courses (30 credits), and electives (9 credits) Prerequisite coursework in accounting, finance and statistics may be waived due to prior coursework or completed online through a self-paced module.

Required Core Courses (30 credits)

ACCT 605	Financial Statement Analysis and Management Control (3)
ECON 606	Economics for Managers (3)
ENTR 606	Creating New Things (3)
FIN 635	Corporate Finance (3)
INSS 605	IT for Business Transformation (3)
MGMT 615	Foundations of Organizational Behavior for Leaders (3)
MGMT 790	Strategic Management Capstone (3)
MKTG 645	Marketing Strategy and Analysis (3)
OPM 625	Operations and Supply Chain Management (3)
OPRE 607	Business Analytics (3)

Electives (9 credits)

The MBA specializations are listed below. Students may choose the customized specialization to select any 9 credits of electives crossing business disciplines to stimulate their intellectual curiosity and/or to best match their career goals. To address a specific business interest, students may choose to earn the MBA with a defined specialization. Online MBA students customize their coursework based on online course availability or choose the data analytics, finance, leadership and management development or marketing online specializations. All MBA students should work with their academic adviser to determine what coursework works best for them to satisfy their 9 credits of MBA electives.

The Flex MBA (Available on Campus or Online)

Ideal for students whose career ambitions go beyond a defined specialization, the customized option allows students to choose most 600-level or any 700-level MBA course as part of their elective requirements. For example, if a student is a marketing manager but wants to transition to the technology industry, that student may decide to take a combination of marketing and information systems electives. Someone starting a new business may want to take entrepreneurship, finance and human resource management electives.

Specialization in Accounting

The MBA specialization in accounting emphasizes broader business acumen, particularly leadership skills relevant to accounting careers. This distinction is significant for those targeting management roles. Elective courses include a variety of accounting topics such as income taxation, auditing or financial statement analysis.

Specialization in Artificial Intelligence

Artificial intelligence is impacting every sector of business. By choosing UBalt's MBA program you'll gain a broad understanding of business functions like finance, marketing, operations, and strategy—and when you add the specialization in artificial intelligence, you'll be preparing yourself for the future of business. Coursework includes introductory concepts, machine learning and data science.

Specialization in Conflict Resolution

Conflict negotiation is an indispensable skill for MBA graduates. It empowers you to manage workplace dynamics, navigate business transactions, excel in leadership roles, and achieve career success. That's

why we've partnered with UBalt's College of Public Affairs to offer an MBA specialization in Conflict Resolution.

Specialization in Cybersecurity and Organizational Resilience

No business, government entity or nonprofit wants the fallout of a cybersecurity breach. Managing the cybersecurity function within an organization has become increasingly strategically important, as organizations seek to maintain information security in an increasingly hostile threat environment while still allowing for digital innovation and transformation. The UBalt MBA specialization in cybersecurity and organizational resilience prepares professionals to plan for, mitigate and respond to the risks and threats associated with the use of digital technologies, focusing on governance, risk and compliance initiatives.

Specialization in Data Analytics (Available Online)

With data and analytical methods increasingly in demand, managers continuously synthesize and utilize everything from supply chains to social networks to customer engagement to revenue modeling. The MBA specialization in data analytics allows students to build upon the predictive analytics knowledge acquired in the MBA core courses and homes in on the big data principles that aid in business strategies. It allows students to go back to their workplace with knowledge in hand to make an impact.

Specialization in Entrepreneurship and Innovation

The entrepreneurship and innovation specialization prepares students to start and manage all types of ventures. As part of this specialization, students can partner with high-technology inventors to work on real-life products. Courses stress creativity, feasibility analysis, marketing, financing and intellectual property.

Specialization in Finance (Available Online)

The MBA's managing financial performance specialization offers students many opportunities to learn about the financial management of a business, valuing investments in securities and other assets, and the general structure and functioning of financial institutions and markets. Students can choose courses that enable them to complete either a general finance specialization or a specialization focusing on corporate finance, investment management or financial institutions.

Specialization in Global Management

The MBA specialization in global management develops managers and business leaders for rewarding careers in international businesses, government agencies and multicultural organizations. Students will gain a theoretical basis for understanding the core concepts of global business. These include but are not limited to global finance, global marketing management, cross-cultural leadership and business strategy in an international business environment.

Specialization in Health Care Management

Baltimore is one of the hotbeds in the U.S. for health care with large research and community hospitals, biotechnology firms, and insurance providers in the region. The specialization in health care management helps professionals advance their careers by strengthening their credentials as health care managers, administrators and consultants. It provides a sound basis in the latest business practices and leadership skills.

This specialization utilizes the faculty expertise found in The University of Baltimore College of Public Affairs' [School of Health and Human Services](#).

Specialization in Leadership and Management Development (Available Online)

The MBA specialization in leadership and management development is focused on core concepts of leadership and management, including but not limited to leadership, global leadership, human resource management and organizational behavior topics.

Specialization in Marketing (Available Online)

The marketing expertise and skills students will acquire in this specialization are designed for lifelong value domestically and globally. The MBA marketing specialization prepares students to better understand the strategies associated with creating customer value. Students will broaden their marketing entrepreneurial skills and strengthen their analytical skills. They will be introduced to the fast-changing world of marketing communications and digital media that is transforming how customers engage with brands.

Specialization in Nonprofit Leadership

Nonprofit organizations employ 10 percent of the U.S. workforce—making them the third largest employment sector behind manufacturing and retail. Great leaders can make an impact and change a nonprofit's trajectory. That's why we've partnered with UBalt's College of Public Affairs to offer an **MBA specialization in Nonprofit Leadership**.

MASTER OF SCIENCE IN ACCOUNTING AND BUSINESS ADVISORY SERVICES

ubalt.edu/gradaccounting

Mikhail Pevzner, faculty adviser

The Merrick School of Business offers the M.S. in Accounting and Business Advisory Services program in partnership with Towson University. This joint degree is a STEM designated program with an optional specialization in data analytics.

The M.S. in Accounting and Business Advisory Services program is designed to meet two important educational objectives. First, when combined with a bachelor's degree in accounting, the program allows students to earn the additional credits necessary to meet the 150-hour requirement for licensure as a certified public accountant (CPA) in Maryland and many other states. The CPA Exam has a section called Business Environment and Concepts, which includes topics related to finance and information technology. Students planning to take the CPA Exam are best served by a program of study that emphasizes the same subject matter as that which appears on the exam. Second, by incorporating courses in the related disciplines of data analytics, financial management and information technology, the program complements the technical skills acquired in an undergraduate accounting education.

Graduates of this program will have the flexibility needed to accelerate their public accounting careers or to pursue careers in other areas, such as management accounting, internal auditing, accounting for governmental or other nonprofit entities, and management consulting.

Although the program is designed to complement an undergraduate degree in accounting, the program can also accommodate students without them. Students who meet the admission requirements for graduate study in the Merrick School of Business are admitted to the program but are required to satisfy undergraduate accounting degree equivalency in conjunction with completion of the program. These students will need to take the preparatory courses listed below in addition to the required 30 hours in the accounting and business advisory services specialization.

MISSION

The mission of the M.S. in Accounting and Business Advisory Services program in the Merrick School of Business is to provide students with a rigorous, broad-based education that prepares them for successful careers as accounting professionals.

PROGRAM LEARNING GOALS

Consistent with the mission, the program strives to develop the following types of knowledge and skills that, according to the American Institute of Certified Public Accountants, are necessary for entry-level CPAs:

- **Learning Goal 1:** Analytical and critical thinking skills—Graduates will possess the analytical and critical thinking skills needed by accounting professionals.
- **Learning Goal 2:** Research skills—Graduates will possess the necessary research skills to study business and accounting problems.
- **Learning Goal 3:** Application of information systems and technology—Graduates will be able to define information needs, specify technological solutions, and analyze and suggest changes to business processes.
- **Learning Goal 4:** Ethical perspective—Graduates will incorporate ethical considerations in their decision-making.
- **Learning Goal 5:** Effective communication skills—Graduates will have the skills to communicate both financial and nonfinancial information persuasively, professionally, clearly and concisely.

ACCOUNTING FOUNDATION COURSES

To meet accounting major equivalency requirements, students may be required to complete some or all of the following courses:

Introductory accounting and finance content may be waived due to prior coursework or completed online in a self-paced module.

ACCT 510	Intermediate Accounting I (3)
ACCT 511	Intermediate Accounting II (3)
ACCT 512	Auditing (3)

DEGREE REQUIREMENTS

Thirty credits are required to complete the program as follows:

Required Courses (18 credits)

ACCT 740	Advanced Topics in Assurance Services (3)
ACCT 752	Topics in Accounting Systems (3)
ACCT 624	Accounting Analytics (3)
ACCT 680	Taxation of Entities (3)
ACCT 720	Design of Managerial Cost and Control Systems (3)
FIN 635	Corporate Finance (3)

Elective Courses (12 credits)

Group A (At least 6 credits from Group A, no more than 6 credits from Group B)

UBALT Courses:

ACCT 635	Financial Statement Analysis (3)
FIN 700	Financial Reporting (3)
FIN 715	Investment Analysis (3)
FIN 720	Global Finance (3)
FIN 725	Risk Management (3)
FIN 730	Fixed Income Analysis (3)
FIN 740	Applications of Business Analytics and Machine Learning (3)
FIN 750	Real Estate Investment (3)
FIN 755	Real Estate Finance (3)
FIN 780	Business Valuation (3)
INSS 615	Data Science Toolkit (3)
INSS 651	Database Management Systems (3)
INSS 722	Visual Business Intelligence (3)
OPM 615	Innovation and Project Management (3) ¹
OPM 625	Operations and Supply Chain Management (3) ¹
OPRE 607	Business Analytics (3)

TU Courses:

ECON 601	Introduction to Econometrics (3)
ECON 631	Computational Economics (3)
ECON 632	Machine Learning for Economics (3)
EBTM 602	Introduction to Supply Chain Management (3) ¹
EBTM 604	Introduction to Project Management (3) ¹
EBTM 625	Project Leadership and Communication (3)
EBTM 720	Supply Chain Analytics (3)
AIT 600	Information Technology Infrastructure (3)
AIT 610	Systems Development Process (3)
AIT 612	Information Systems Vulnerability and Risk Analysis (3)
AIT 614	Network Security (3)
AIT 632	Database Management (3)

Note: Additional data analytics-driven electives may be added to this list as they are developed and approved by UBALT or TU faculty.

Students may petition for the following UBalt courses: ACCT 797, FIN 797, MGMT 797 or the following TU courses: ACCT 695, ACCT 795, ACCT 697 to be considered for Group A depending upon the content. Approval will be granted by the program director, where appropriate.

Group B (At least 6 credits from Group A, no more than 6 credits from Group B)

UBALT Courses:

ACCT 513	Intermediate Accounting III (3)
ACCT 514	Fundamentals of Income Taxation (3)
ACCT 650	Law, Regulation, and Professional Responsibility (3)
ACCT 701 ¹	Accounting Ethics (3)
ACCT 702	Federal and State Government Accounting (3)
ACCT 755	Advanced Financial Reporting Issues (3)
ACCT 795 ¹	Graduate Accounting Internship (3)
ACCT 797 ²	Special Topics in Accounting (3)
FIN 797 ²	Special Topics in Financial Management (3)

TU Courses:

ACCT 695 ²	Independent Research in Accounting (3)
ACCT 697 ²	Graduate Accounting Internship (3)
ACCT 750	Forensic Accounting (3)
ACCT 780	Sustainability Accounting (3)
PHIL 563 ¹	Business Ethics (3)
PRWR 621	Business Writing (3)

ONLINE MASTER OF SCIENCE IN ACCOUNTING AND BUSINESS ADVISORY SERVICES

ubalt.edu/gradaccounting

Mikhail Pevzner, faculty adviser

The Merrick School of Business offers the M.S. in Accounting and Business Advisory Services program online with a specializations in data analytics, taxation or nonprofit financial management. Courses are offered on campus in the evenings and online year-round, and students work with advisers to create schedules that best meet their individual needs. Students can work with the faculty adviser to customize their elective coursework based on available offerings and career objectives.

The M.S. in Accounting and Business Advisory Services program is designed to meet two important educational objectives. First, when combined with a bachelor's degree in accounting, the program allows students to earn the additional credits necessary to meet the 150-hour requirement for licensure as a certified public accountant (CPA) in Maryland and many other states. The CPA Exam has a section called Business Environment and Concepts, which includes topics related to finance and information technology. Students planning to take the CPA Exam are best served by a program of study that emphasizes the same subject matter as that which appears on the exam. Second, by incorporating courses in the related disciplines of data analytics, financial management and information technology, the program complements the technical skills acquired in an undergraduate accounting education.

Graduates of this program will have the flexibility needed to accelerate their public accounting careers or to pursue careers in other areas, such as management accounting, internal auditing, accounting for governmental or other nonprofit entities, and management consulting.

Although the program is designed to complement an undergraduate degree in accounting, the program can also accommodate students without them. Students who meet the admission requirements for graduate study in the Merrick School of Business are admitted to the program but are required to satisfy undergraduate accounting degree equivalency in conjunction with completion of the program. These students will need to take the preparatory courses listed below in addition to the required 30 hours in the accounting and business advisory services specialization.

MISSION

The mission of the M.S. in Accounting and Business Advisory Services program in the Merrick School of Business is to provide students with a rigorous, broad-based education that prepares them for successful careers as accounting professionals.

PROGRAM LEARNING GOALS

Consistent with the mission, the program strives to develop the following types of knowledge and skills that, according to the American Institute of Certified Public Accountants, are necessary for entry-level CPAs:

- **Learning Goal 1:** Analytical and critical thinking skills—Graduates will possess the analytical and critical thinking skills needed by accounting professionals.
- **Learning Goal 2:** Research skills—Graduates will possess the necessary research skills to study business and accounting problems.
- **Learning Goal 3:** Application of information systems and technology—Graduates will be able to define information needs, specify technological solutions, and analyze and suggest changes to business processes.
- **Learning Goal 4:** Ethical perspective—Graduates will incorporate ethical considerations in their decision-making.
- **Learning Goal 5:** Effective communication skills—Graduates will have the skills to communicate both financial and nonfinancial information persuasively, professionally, clearly and concisely.

ACCOUNTING FOUNDATION COURSES

To meet accounting major equivalency requirements, students may be required to complete some or all of the following courses:

Introductory accounting and finance content may be waived due to prior coursework or completed online in a self-paced module.

ACCT 510	Intermediate Accounting I (3)
ACCT 511	Intermediate Accounting II (3)
ACCT 512	Auditing (3)

DEGREE REQUIREMENTS

Thirty credits are required to complete the program as follows:

Required Courses (18 credits)

ACCT 624	Accounting Analytics (3)
ACCT 680	Taxation of Entities (3)
ACCT 720	Strategic Probability Analysis (3)
ACCT 740	Advanced Topics in Assurance Services (3) ¹
ACCT 752	Topics in Accounting Systems (3) ¹
FIN 635	Corporate Finance (3)

Electives (12 credits or Specialization + Electives)

Students should work with the program director to determine what coursework works best for them to satisfy their 15 credit hours of electives, based on their prior undergraduate business and accounting coursework, professional experience, and career goals. Electives from other areas can be taken with the approval of the faculty adviser. Students may not take both versions of the following cross-listed courses: ACCT 624/FIN 624 and ACCT 635/FIN 700.

ACCT 513	Intermediate Accounting III/Advanced Accounting (3) ^{2, 3}
ACCT 514	Fundamentals of Income Taxation (3) ^{2, 3}
ACCT 605	Financial Statement Analysis and Management Controls (3) ^{2, 3}
ACCT 635	Financial Statement Analysis (3) ³
ACCT 650	Law, Regulation and Professional Responsibility (3) ³
ACCT 655	Tax Policy (3) <i>Offered by law school for LL.M./M.S. in Tax programs</i>
ACCT 701	Accounting Ethics (3) ³
ACCT 702	Federal and State Government Accounting (3) ³
ACCT 720	Strategic Profitability Analysis (3)
ACCT 755	Advanced Accounting Reporting Issues (3) ³
ACCT 770	Seminar in Current Topics in Accounting (3) ³
ACCT 795	Graduate Accounting Internship (3)
ACCT 797	Special Topics in Accounting (3)

¹ If this course was taken as part of a prior undergraduate degree, it must be substituted with an additional accounting course below.

² Required elective if no equivalent course at the undergraduate level.

³ Available as an elective only to students who have not taken equivalent courses in their undergraduate program.

Specialization Requirements

Students will need to complete additional coursework beyond the specialization courses listed below to satisfy elective credit requirements. Students may select any course from the elective list above to satisfy remaining credits of electives.

Data Analytics Specialization (9 credits)

Required (6 credits)

INSS 615	Data Science Toolkit (3)
INSS 651	Database Management Systems (3)
INSS 722	Visual Business Intelligence (3)

Non-Profit Financial Management Specialization (9 credits)

Required (3 credits)

PUAD 700	Concepts and Practices of Nonprofits (3)
----------	--

Elective (3 credits)-Choose one course from below:

ACCT 605	Financial Statement Analysis and Management Controls (3)
ACCT 702	Federal & State Governmental Accounting (3)
ACCT 720	Strategic Probability Analysis (3)
ACCT 755	Advanced Financial Reporting Issue (3)

Elective (3 credits)- Choose one course from below:

PUAD 785	Public Sector Performance (3)
ACCT 701	Accounting Ethics (3)
ECON 710	Economics of Sustainability and Social Responsibility (3)

Taxation Specialization (9 credits)

ACCT 514	Fundamentals of Income Taxation (3)
or	
TAXA 651	Fundamentals of Federal Income Tax 1 (3)
TAXA 654	Tax Practice and Procedure (3)
ACCT 680	Taxation of Entities (3)
or	
TAXA 652	Corporate Taxation (3)

Note: If ACCT 514 or ACCT 680 were taken as part of prior undergraduate degree, a substitution must be made from the courses below or any other TAXA course not listed above by approval of the program director.

TAXA 650
TAXA 653
ACCT 655

MASTER OF SCIENCE IN FINANCE

ubalt.edu/gradfinance

C. Jerry Yu, faculty adviser

The M.S. in Business–Finance program, with its emphasis on corporate finance, provides motivated and talented students an opportunity to dive deeper into what it takes to maximize value and mitigate risks for organizations. Students will learn how to apply the latest tools and technologies of financial analysis and information systems to solve the challenging problems that they will confront in a global business environment. This is a STEM designated program.

This program is a natural complement to an undergraduate degree in accounting. Students who complete this degree will have the necessary coursework and additional credits necessary to meet the 150-hour requirement for licensure as a CPA in Maryland and many other states. Students who pursue the M.S. in Business–Finance are often preparing for professional certifications, such as the chartered financial analyst or certified financial planner.

MISSION

The mission of the M.S. in Business–Finance program in the Merrick School of Business is to enable students to become adaptive experts capable of applying advanced financial concepts and analytical techniques to decisions in their chosen fields of finance.

PROGRAM LEARNING GOALS

Consistent with its mission, upon graduating from the programs students will be able to demonstrate the following competencies, knowledge and skills:

Competency 1: Managing Performance and Risk

LO 1.1: Students will use accounting-based and operational information to assess and forecast firm and portfolio performance in order to solve business problems and recommend actions that maximize shareholder value.

LO 1.2 Students are able to evaluate the ESG practices of a company and assess how these practices impact its performance and valuation.

Competency 2: Value Business Entities

LO 2.1 Students are able to use financial concepts, tools, and models to estimate a firm's cost of capital and value.

Competency 3: Leveraging Technology and Business Intelligence

LO 3.1 Students will evaluate and apply selected analytics techniques to assess entity's financial performance and valuation.

Competency 4: Manage Foreign Exchange Risk and Interest Rate Risk

LO 4.1 Students are able to identify and measure the source of exchange rate risk and interest rate risk and use derivative securities to manage and hedge those risks.

DEGREE REQUIREMENTS

Thirty credits are required to complete the program as follows:

Prerequisite coursework in accounting, finance and statistics may be waived due to prior coursework or completed online through a self-paced module.

Required Courses (18 credits)

FIN 624	Finance and Accounting Analytics (3) ¹
FIN 635	Corporate Finance (3)
FIN 715	Investment Analysis (3)
Or	
FIN 730	Fixed Income Analysis (3)
FIN 740	Applications of Business and Machine Learning (3)
INSS 615	Data Science Toolkit (3)
OPRE 607	Business Analytics (3)

Finance Electives (12 credits)

FIN 700	Financial Reporting (3) ¹
FIN 715	Investment Analysis (3)
FIN 720	Global Finance (3)
FIN 725	Risk Management (3)
FIN 730	Fixed Income Analysis (3)
FIN 750	Real Estate Investment (3)
FIN 755	Real Estate Finance (3)
FIN 780	Business Valuation (3)
OPM 615	Innovation and Project Management (3)

Other courses from FIN and ACCT where the faculty explicitly agrees to dedicate a substantial amount of the course to financial analytics (e.g. through a project or an assignment).

¹ Students may not take both versions of cross-listed courses FIN 624/ACCT 624 and FIN 700/ACCT 635.

MASTER OF SCIENCE IN CYBERSECURITY LEADERSHIP

Ubaltd.edu/gradcybersecurity

Danielle Fowler, program director

Becoming a leader in the cybersecurity field is more than assessing a threat analysis and developing a vulnerability assessment. It takes an interdisciplinary approach to lead in the industry. Prepare to meet the demand for cybersecurity leaders in business, government and the military through an innovative, interdisciplinary program that brings together business, psychology and criminal justice. Build your leadership skills, learn to evaluate and mitigate risk, develop key skills in accounting and analytics, create policy and explore cybersecurity strategy.

Mission Statement: The mission of the Master of Science in Cybersecurity Leadership program at the Merrick School of Business is to provide students with the knowledge and skills needed to advance to the highest levels of leadership in the cybersecurity industry.

PROGRAM LEARNING GOALS

Consistent with its mission, upon graduating from the programs students will be able to demonstrate the following competencies, knowledge and skills:

Competency 1: Information Security

Learning Objective 1.1: Students will understand and apply the concepts surrounding the regulatory environment of different business sectors with respect to information security.

Learning Objective 1.2: Students will analyze data and interpret their findings to identify information security issues such as fraud or security breaches.

Competency 2: Business Problem Solving and Analysis

Learning Objective 2.1: Students will be able to define the information needs pertaining to a strategic business problem arising from cyber security issues.

Learning Objective 2.2: Students will demonstrate the ability to analyze and suggest changes to business continuity processes.

Competency 3: Ethics

Learning Objective 3.1: Students will identify and analyze ethical dilemmas raised by cyber security issues and recommend appropriate resolutions.

Competency 4: Managerial Reporting

Learning Objective 4.1: Students will prepare written reports, using appropriate data, analysis, and conclusions

Competency 5: Leadership

Learning Objective 5.1: Students will analyze the factors and behaviors associated with effective leadership.

FOUNDATION COURSES

Program Prerequisites (3 credits)

OPRE 505	Fundamentals of Statistics (1.5)
OPRE 506	Managerial Statistics (1.5)

DEGREE REQUIREMENTS

Required Core Courses (22.5 credits)

ACCT 505	Accounting Essentials (1.5) ¹
APPL 603	Learning and Cognition (3)
FSCS 601	Legal Issues in High-Technology Crime (3)
INSS 605	IT for Business Transformation (3)
INSS 703	Principles of Information Security Management (3)
MGMT 605	Leading with Integrity (1.5)
OPM 615	Innovation and Project Management (3)
	<i>Prerequisite: Will be waived for M.S. in Cybersecurity Management students</i>
OPRE 605	Business Analytics (1.5)

Prerequisites: OPRE 505 and OPRE 506
INSS 753 Information Security and Business Continuity Capstone (3)
Prerequisite: INSS 605

Electives (7.5 credits)

ACCT 601 Forensic Accounting Principles (3)
Prerequisite: ACCT 505
ACCT 604 Litigation Support (3)
Prerequisite: ACCT 505
ACCT 701 Accounting Ethics (3)
APPL 641 Organizational Psychology (3)
Prerequisite: departmental permission
APPL 642 Motivation, Satisfaction and Leadership (3)
Prerequisite: departmental permission
INSS 611 Data Science Toolkit I (1.5)
INSS 612 Data Science Toolkit II (1.5)
Prerequisite: INSS 611
INSS 621 Digital Transformation (1.5)
INSS 622 Digital Innovation (1.5)
Prerequisite: FIN 605

Prerequisite: INSS 605
MGMT 615 Managing in a Dynamic Environment (3)
Prerequisite: MGMT 605
MGMT 730 Leadership, Learning and Change (3)

¹*If this course was taken as part of prior undergraduate degree, it must be substituted with an additional accounting course.*

MASTER OF SCIENCE IN ARTIFICIAL INTELLIGENCE FOR BUSINESS

ubalt.edu/artificialintelligence

Mikhail Pevzner, program director

Our **M.S. in Artificial Intelligence for Business** program is uniquely designed to build careers of managers in all fields so they clearly understand AI's capabilities and limitations of the technology such as bias in algorithms or how to examine data to create accurate results.

PROGRAM LEARNING GOALS

Consistent with its mission, upon graduating from the programs students will be able to demonstrate the following competencies, knowledge and skills:

Competency 1: AI and Machine Learning

LO 1.1: Students will articulate how to design, train, and evaluate AI and Machine Learning models that can be used in solving business challenges.

Competency 2: Application of AI and Machine Learning Tools in Business

LO 2.1 Students will be able to employ discipline-specific knowledge to identify proper models and critical features for solving business problems (including general and strategic human resource management, financial management, entrepreneurship, marketing, and operations and supply chain management).

LO 2.2 Students will be able to evaluate and address ethical, legal, and regulatory implications of applying Artificial Intelligence for Business.

Competency 3: Communication and Presentation Skills

LO3.1 Students will be able to effectively communicate their recommendations and guidance on AI applications in various business disciplines to their constituents.

DEGREE REQUIREMENTS

Students entering the program must have either a degree in business at the associate's, bachelor's, or master's degree level or completion of an online self-paced bootcamp.

Required Core Courses (18 credits)

INSS 615	Data Science Toolkit (3)
INSS 625	Introduction of AI in Business (3)
INSS 630	Machine Learning for Business (3)
ECON 740	Business, Ethical, and Regulatory Perspectives of AI (3)
OPRE 607	Business Analytics (3)

Electives (12 credits)

ENTR 740	Business Applications of Artificial Intelligence in Entrepreneurship (3)
FIN 624	Finance and Accounting Analytics (3)
MGMT 740	Applications of Artificial Intelligence for Human Resources and General Management (3)
MKTG 740	Application of Artificial Intelligence in Marketing (3)
OPM 740	Applications of Artificial Intelligence for Operations and Supply Chain Management (3)

*Students who have completed the undergraduate equivalent of OPRE 505 and 506 will substitute that requirement with an additional 3 credits of electives from the list above.

MASTER OF SCIENCE IN NONPROFIT MANAGEMENT AND SOCIAL ENTREPRENEURSHIP

ubalt.edu/nonprofit

Al Gourrier, program director, College of Public Affairs

Tylis Cooper, adviser, College of Public Affairs

The University of Baltimore's M.S. in Nonprofit Management and Social Entrepreneurship program leverages the expertise of the College of Public Affairs and the Merrick School of Business to provide students with a comprehensive education that addresses not just effective nonprofit management but also the forward-thinking initiatives of social enterprise.

As nonprofit organizations fill an ever-increasing societal need by providing services in areas spanning health care, education, work force development and support for disadvantaged populations, a new generation of nonprofit managers is in high demand. These managers must be prepared to deal head on with the challenges that nonprofit organizations face due to their legal status, governance and funding needs, in addition to managing and meeting standards of accountability.

DEGREE REQUIREMENTS (36 CREDITS)

Required Courses (27 credits)

PUAD 621	Public Personnel and Human Resource Management (3)
PUAD 629	Public Program Evaluation (3)
PUAD 700	Intro to Nonprofits (3)
PUAD 734	Strategic Planning (3)
PUAD 776	Legal Aspects of Nonprofit Administration (3)
HSAD600	Fundraising and Grant Writing (3)
ACCT 505	Accounting Essentials (1.5) and MGMT 605: Leading with Integrity (1.5)
MGMT 615	Managing in a Dynamic Environment (3)
ENTR 760	Social Enterprise and Entrepreneurship (capstone) (3)

Specialization (9 credits)

Students choose a 9-credit specialization in one of three areas:

Global Affairs

Focus on the role of NGOs in addressing global problems, taking classes from experts in global affairs and human security and in global leadership.

Health Management

Understand the role of nonprofits in health care provision, which accounts for more than 60 percent of all nonprofit organizations in Maryland, and take advantage of the University's expertise in health systems management and public administration.

General Management

Hone management skills and techniques through courses in public and business administration, preparing to deal with such issues as performance measurement, marketing and advanced human resource management.

GRADUATE BUSINESS CERTIFICATES

ubalt.edu/businesscert

Kathea Smith, assistant dean, enrollment, academic affairs and student services

The Merrick School of Business offers six graduate business certificates. The certificates are 12-credit stackable credentials that provide an opportunity for career changers to prepare for an MBA or an M.S. in accounting and business advisory services, or alternatively to provide a credential with specialized coursework to complement and enhance the MBA, the M.S. in accounting and business advisory

services, or the M.S. in business–finance. Certificate coursework is completed after a bachelor's degree has been completed.

The certificates in Business Fundamentals and Accounting Fundamentals are designed for career changers seeking to gain knowledge of the essentials of business and accounting. The Graduate Certificate in Organizational Leadership is designed to enhance the leadership acumen of professionals in organizations large and small, whether business, government, community development or nonprofits. The graduate certificates in Business Valuation, Government Financial Management and Internal Audit Services provide credentials for career enhancement of accounting and finance professionals.

APPLICATION

An application for a graduate business certificate requires completion of a The University of Baltimore application, submission of official transcripts from all institutions attended, one letter of recommendation addressing the ability of the candidate to successfully complete and benefit from the certificate, a resume, and a personal statement limited to 1,000 words. For further details regarding application requirements, please refer to the [Application Requirements for Graduate Business Programs](#) section of this catalog.

ADMISSION CRITERIA

Admission to the Merrick School of Business is competitive. The Graduate Admission Committee considers such variables as the applicant's undergraduate GPA, the applicant's undergraduate program, professional and work experience, career goals and objectives, leadership and community service. The minimum expectation for admission is a 3.0 grade point average in a bachelor's degree program. An applicant eligible for consideration is not guaranteed an offer of admission.

APPLICATION FOR GRADUATION

Application for graduation must be made prior to completing the last 3 credits of the certificate program. Certificate credits must be completed at The University of Baltimore with cumulative GPA no less than 3.0.

GRADUATE CERTIFICATE IN BUSINESS FUNDAMENTALS

The Graduate Certificate in Business Fundamentals is designed primarily for those interested in learning some of the basic concepts of business or who are considering the eventual completion of an MBA. Local, national and international organizations frequently consider the Graduate Certificate in Business Fundamentals as an option for maintaining currency in the field of business. Successful completion of the certificate courses will satisfy the foundation coursework required for the MBA program.

CERTIFICATE REQUIREMENTS

The certificate requires the completion of 12 credits. All 12 credits must be completed at The University of Baltimore. A maximum of 3 credit hours of 600-level MBA courses may replace waived 500-level coursework. Subject to individual students' approved plans, the Graduate Certificate in Business Fundamentals requires the completion of all of the following courses (12 credits):

ECON 606	Economics for Managers (3)
INSS 605	IT for Business Transformation (3)
MGMT 615	Foundations of Organizational Behavior for Leaders (3)
MKTG 645	Marketing Strategy and Analysis (3)

GRADUATE CERTIFICATE IN ACCOUNTING FUNDAMENTALS

ubalt.edu/accountingcert

Mikhail Pevzner, faculty adviser

The Graduate Certificate in Accounting Fundamentals is designed primarily for career changers who want to strengthen their understanding of accounting or people seeking to fulfill some requirements to sit for the CPA examination but do not wish to earn a graduate degree. The certificate courses all may be used to satisfy foundation or program requirements for the M.S. in accounting and business advisory services. Certificate courses will also may satisfy six elective credits in the MBA.

CERTIFICATE REQUIREMENTS

Subject to individual students' approved plans, the Graduate Certificate in Accounting Fundamentals requires the completion of the following:

Preparatory accounting coursework may be waived by prior education or completed via an online self-paced module.

Required Courses (9)

ACCT 510	Intermediate Accounting I (3)
ACCT 511	Intermediate Accounting II (3)
ACCT 512	Auditing (3)

Elective Courses (3)

Choose One

ACCT 513	Intermediate Accounting III (3)
ACCT 514	Fundamentals of Income Taxation (3)

ACCT 701	Accounting Ethics (3)
ACCT 752	Accounting Information Systems (3)

GRADUATE CERTIFICATE IN BUSINESS VALUATION

ubalt.edu/valuationcert

Mikhail Pevzner, faculty adviser

This certificate will allow students to learn material necessary to become a certified valuator. Increasingly, jobs in public and private accounting and corporate finance require a strong combination of advanced

business valuation skills. It is common for public accounting firms to provide some sort of valuation services as part of their practices. In addition, valuation services are routinely required as part of accounting and audit exams. Likewise, in the field of finance, there is often the expectation of advanced valuation skills, especially in practices dealing with mergers and acquisitions.

The certificate allows students to develop focused expertise in business valuation while also providing students in accounting an opportunity to complete the 150 credit hours necessary for CPA licensure but do not necessarily seek a full master's degree.

This certificate will provide partial preparation for the following professional certifications:

- Accredited in Business Valuation
- Certified Valuation Analyst
- Accredited Valuation Analyst
- Certified Business Appraiser
- Accredited Senior Appraiser
- Certified in Entity and Intangible Valuations.

CERTIFICATE REQUIREMENTS

The Graduate Certificate in Business Valuation requires the completion of the following courses:

Preparatory accounting and finance coursework may be waived by prior education or completed via an online self-paced module.

Required Courses (9 credits)

FIN 635	Corporate Finance
or	
FIN 715	Investment Analysis (3) ¹
ACCT 635	Financial Statement Analysis (3)
or	
FIN 700	Financial Reporting (3)
FIN 780	Business Valuation (3)

¹ Students without substantial undergraduate background in finance (defined as at least 6 undergraduate credits in finance from an AACSB International-accredited business school) are required to take FIN 605/625. FIN 505 can be waived if at least 3 undergraduate credits in introductory finance were taken in an AACSB International-accredited business school. Students with at least 6 undergraduate credits in finance from an AACSB International-accredited business school are required to take FIN 715.

Once course from the following (3 credits)^{2,3}

FIN 715	Investment Analysis (3) ²
ACCT 601	Forensic Accounting Principles (3)
ACCT 604	Litigation Support (3)
ACCT 680	Taxation of Entities (3)
FIN 705	Advanced Financial Analysis (3)
ACCT 755	Advanced Financial Reporting Issues (3)

² *FIN 715 is required to be taken as an elective if not taken as a required course.*

³ *Or another ACCT or FIN course with the approval of the M.S. in Accounting and Business Advisory Services program faculty adviser.*

The certificate courses may all be used to satisfy foundation or program requirements for the M.S. in Accounting and Business Advisory Services program. Certificate courses may also satisfy six elective credits in the MBA. Students in the M.S. in Business–Finance program could also apply certificate coursework to develop advanced business valuation skills. Use of electives in the MBA would also permit MBA students to earn the certificate while earning an MBA.

GRADUATE CERTIFICATE IN GOVERNMENT FINANCIAL MANAGEMENT

ubalt.edu/gfm

Mikhail Pevzner, faculty adviser

The Graduate Certificate in Government Financial Management provides training in federal and state government accounting, auditing, budgeting and finance. The certificate offers training for growing demand in careers in government accounting, auditing and financial management for students interested in being employed by accounting firms and by federal and state government agencies in Maryland and Washington, D.C.

CERTIFICATE REQUIREMENTS

The Graduate Certificate in Government Financial Management requires the completion of the following courses:

Required Courses (6 credits)

ACCT 702	Federal and State Government Accounting (3)
PUAD 622	Public Budgeting and Fiscal Administration (3)

Elective Course (6 credits)

Choose two of the following:

ACCT 512	Auditing (3)
----------	--------------

or

ACCT 740	Advanced Auditing (3)
ACCT 605	Performance Management and Accounting Controls (3)

or

ACCT 720	Strategic Profitability Analysis (3)
FIN 635	Corporate Finance (3)
FIN 715	Investment Analysis (3)

GRADUATE CERTIFICATE IN ORGANIZATIONAL LEADERSHIP

ubalt.edu/leadershipcert

Lisa Stickney, faculty adviser

The Graduate Certificate in Organizational Leadership is designed to enhance the leadership acumen of business professionals. It is intended to be of value to people with formalized business training and those with nonbusiness backgrounds. Students will increase their understanding of the concepts and tools needed for effective leadership.

To receive this certificate, a student must complete 12 credit hours of prescribed coursework and maintain a cumulative GPA of not less than 3.0 for courses taken in the certificate program. The coursework must be completed after a student has received a bachelor's degree or equivalent.

CERTIFICATE REQUIREMENTS

The Graduate Certificate in Organizational Leadership requires the completion of three required courses and three elective courses, as noted below:

Required Courses (6 credits)

MGMT 615	Foundations of Organizational Behavior for Leaders (3)
MGMT 730	Leadership, Learning and Change (3)

Electives (6 credits)

ENTR 606	Creating New Things (3)
MGMT 625	Collaboration, Negotiation and Conflict Management (3)
MGMT 731	Leadership Seminar (3)
MGMT 780	Leading Across Cultures (3)
