Time Reporting During Break

It is essential, especially during early timesheet submissions, that employees, timekeepers and managers work together to ensure the timesheet reflects actual hours worked. If there are deviations between the timesheet entries and actual time worked due to condensed timesheet deadlines, the hours must be adjusted on future timesheets.

Leave Balances

It is important that employees verify his/her leave balances **now** to ensure holiday leave has accrued as expected **before** the timesheet submission deadline on Monday December 13. See the links below for the holiday leave breakdown.

Regular Staff (exempt, non-exempt, librarian and 12 month faculty):

- The leave codes and procedures for recording holiday leave is provided on the [HR 2021 Holiday Schedule](#) under the heading 2021 Winter Break Timesheet Information in ubalt.edu

- 9.5 month faculty: Record all days as normal duty days. No other holiday leave codes are required.

Leave Balance Restrictions

Consideration must be given when planning time off to avoid the loss of leave balances on January 11, 2022. See the leave balance restrictions below to assist with the proper usage of leave before the end of the calendar year.

- Personal and holiday leave balances must be used no later than Pay Period Ending January 11, 2022 or they will be lost.
- A maximum of 480 hours of annual leave will be carried forward into January. Annual leave in excess of 480 hours must be used no later than Pay Period Ending January 11, 2022, or it will be lost.

Reporting Problems

- Payroll: Up to December 15, questions, concerns, or requests for special arrangements for payroll should be emailed to tweaver@ubalt.edu or mhannemann@ubalt.edu after this date emails will be answered sporadically during the break.
- Timesheet Access Problems: If you have issues accessing your timesheet, contact the OTS call center, their hours will be posted on their site. If you forget your net ID or password you can visit this page for help callcenter@ubalt.edu
