

**ACKNOWLEDGEMENT OF RECEIPT OF ADDENDA FORM**

**FOR:           ADDENDUM 3 to RFP UB-25-BB-11, Management and Operation of UBalt Bookstore.**

---

**TECHNICAL PROPOSAL DUE DATE:**

January 10, 2025, at 2:00 PM ET

**NAME OF PROPOSER:** \_\_\_\_\_

**ACKNOWLEDGEMENT OF RECEIPT OF ADDENDA**

The undersigned, hereby acknowledges the receipt of the following addenda:

|                            |                         |
|----------------------------|-------------------------|
| Addendum No. <u>  1  </u>  | dated <u>12-9-2024</u>  |
| Addendum No. <u>  2  </u>  | dated <u>12-12-2024</u> |
| Addendum No. <u>  3  </u>  | dated <u>12-18-2024</u> |
| Addendum No. <u>      </u> | dated <u>      </u>     |
| Addendum No. <u>      </u> | dated <u>      </u>     |

As stated in the Solicitation/RFP documents, this form is included in our Proposal.

Title

| Q No. | Adden. No. | Question   | UBALT Response   |
|-------|------------|--|--|
| 1     | 3          | What percentage of overall sales in the bookstore come from financial aid?   | Approximately, 34.8%   |
| 2     | 3          | Are there any sales reflected in the historical sales numbers that were a result of a one-time grant or other funding that will not occur in the future?   | No.  |
| 3     | 3          | What percentage of the courses utilize free OER content?   | No specific data on OER is available. Of the courses with adoptions in 2024, 27.9% had no materials, which could be OER or some case where no materials were needed such as an internship or self-directed study.  |
| 4     | 3          | Does the institution have any direct agreements in place with publishers or other third-party course material providers?   | No.  |
| 5     | 3          | Is the institution open to self-operating, utilizing a local vendor, or the on-campus food service vendor to operate a spirit store (apparel, merchandise, sundry items, etc.) with an online bookstore vendor providing all student-purchased materials shipped directly to the campus bookstore for student pickup or shipped directly to student homes? | Per the RFP, see Section 1.22, page 11 regarding Alternate Solution Proposals.   |
| 6     | 3          | Would the college be open to a full-service online solution where the apparel, merchandise, and course materials are all sold through an interactive online platform with no permanent physical presence on campus?  | Per the RFP, see Section 1.22, page 11 regarding Alternate Solution Proposals.   |
| 7     | 3          | What is the school's Student Information System?   | Canvas by Instructure  |
| 8     | 3          | What is the school's Learning Management System?   | Canvas by Instructure  |
| 9     | 3          | Does the institution have any Inclusive Access course material adoptions? If so, how many courses have inclusive access adoptions?   | No.  |
| 10    | 3          | Would the institution be interested in implementing an Equitable Access solution, an in-tuition solution where all course materials are automatically delivered to all students with the costs included as part of the cost of attendance?   | Per the RFP, see Section 1.22, page 11 regarding Alternate Solution Proposals. However, the University will only consider implementing an Equitable Access solution in subsequent years, not at the contract inception (first year). The University's textbook needs are not one size fits all. For example, law textbook needs are very different than undergraduate needs. |

|    |   |   |  |
|----|---|---|--|
| 11 | 3 | Please describe the product categories that make up the "OTHER" sales category in the historical sales data.  | This category includes graduation items such as regalia, accessories, and frames.  |
| 12 | 3 | Who is on the RFP Committee and what are their roles at the institution?  | The Committee is comprised of various stakeholders representing Auxiliary Svs., Student Success & Support, Faculty, and Provost's Office.  |
| 13 | 3 | Has the institution implemented an inclusive access program? If so, what percentage of courses utilize Inclusive Access and how much revenue is generated from Inclusive Access?  | No program has been implemented.   |
| 14 | 3 | In an Equitable Access Model, the vendor charges a standard per student/per text (or per credit hour) cost. Would you consider implementing an Equitable Access program as a means to provide digital course materials? | Per the RFP, see Section 1.22, page 11 regarding Alternate Solution Proposals. However, the University will only consider implementing an Equitable Access solution in subsequent years, not at the contract inception (first year). The University's textbook needs are not one size fits all. For example, law textbook needs are very different than undergraduate needs. |
| 15 | 3 | Are books included in tuition or a separate billed fee?   | Books are not included in tuition, nor are they billed through the institution. The only books that are billed through the institution are for pre-determined veteran students. The bookstore works with UBalt's third-party biller to bill the VA for these books.  |
| 16 | 3 | Are there any state laws preventing the institution from enacting an Equitable Access model on campus?  | No.  |
| 17 | 3 | Does the Institution require the ability for students to "Opt Out" of an institutional access program?  | The University would want to offer an opt-out.   |
| 18 | 3 | We know you asked for a physical campus store but would you consider moving to an entirely online store given your low store sales?   | Per the RFP, see Section 1.22, page 11 regarding Alternate Solution Proposals.   |
| 19 | 3 | Would the institution consider self-management of a small campus convenience type store with a vendor-supplied course materials program?  | Per the RFP, see Section 1.22, page 11 regarding Alternate Solution Proposals.   |
| 20 | 3 | Please clarify contract length? Is this a 5 year contract with one year add ons or a One year contract with add ons?  | The Contract's initial term is five (5) years, the contract may be renewed up to five (5), one (1) year terms. The University shall have sole discretion to determine prior to the expiration of the current term, if the University shall exercise its right to renew the contract for an additional term. The University shall issue an Amendment for each renewal term.   |

|    |   |   |  |
|----|---|---|--|
| 21 | 3 | What is the enrollment growth rate projection for the next 5 years?   | A conservative estimate would be about 2% per year over the next five years. A more aggressive estimate is approximately 5%  |
| 22 | 3 | Will you provide these most recent Text Adoptions booklist - preferably in Google Sheet or Excel format?  | Please see attached document to Addendum 3.  |
| 23 | 3 | What % of courses require a textbook?   | Approximately 80% require a textbook or some type of materials.  |
| 24 | 3 | What % of courses use courseware, i.e. content with codes (i.e., My Pearson Lab, Cengage Now, Wiley Plus, etc)?   | Approximately 6%.  |
| 25 | 3 | What % of courses use OER? What is the goal of OER% for the following 4 years of the contract.  | There is no specific OER goal.   |
| 26 | 3 | Is your bookstore currently being managed by a 3rd party? If so, who is the Vendor and how long have they been the incumbent?   | Barnes & Noble has managed the store since 2007.   |
| 27 | 3 | What additional challenges (not mentioned in this RFP) with your existing bookstore operations would you like to see addressed with a potential transition?               | The current process to apply credit for textbook and campus store purchases uses two separate buckets. This is confusing to students, and it's difficult to communicate that there are two buckets and why; two buckets limit the sales potential. The preferred method would be one bucket for textbooks and campus store/ online. The University is interested in the campus store offerings to increase vibrancy in the Student Center building. Offeror's may include in your proposal how your firm shall approach selling and delivering textbooks in the store. |
| 28 | 3 | What signing bonus, scholarships, sponsorships or other financial incentives have been offered and/or paid by the incumbent bookstore vendor? In what year was this paid? | Historically, there were investments in the store. At this time, the University does not require an upgrade in the store, however, the vendor may propose a store refresh.   |
| 29 | 3 | Please describe how students utilize their financial aid in the campus store and if there are any restrictions  | Currently, students can apply credit to two buckets, textbooks and the campus store. There are other ways financial aid is used, such as for veterans. Pre-determined <b>veteran</b> students can use a VA education benefit to buy books, supplies, and laptops from the bookstore. The VA covers these items 100%, and we bill them through UBalt's third-party biller.  |
| 30 | 3 | What other school expenses must the campus store pay for (utilities, phone, internet, trash, etc.) and what are those costs?  | Currently Contractor is only responsible for expenses related to operating the store. The University pays for phones, phone service, WiFi, utilities, trash and recycling removal, pest control, and maintenance such as light bulbs, light fixtures in the store. The University currently pays for the main store signage, and other maintenance such as electrical, HVAC,   |

|  |   |  |  |
|--|---|--|--|
|  |   |  | the loading dock and sinks used by the café. Also refer to the RFP SOW, University and Contractor's Responsibilities.  |
| 31   | 3 | Is there any other provider of campus store services or merchandise sales that the school works with? (Off campus store, athletic website, publisher content provider, etc.) | From time to time, the University may contract with another vendor to open a popup shop to supplement the offering of logo merchandise. The popup shop offers lower price points, some labels which students request, and more sizes.  |
| 32   | 3 | Do you utilize any sort of campus card program for the purchase of materials in the bookstore? If so, what company do you use to manage it?                                  | Students have the ability to apply credit to two buckets, one for textbooks and another for purchases at the campus store.   |
| 33   | 3 | Are there any limitations on convenience offerings for food or beverage?   | Alcohol may not be sold, but otherwise there are no limitations. If the proposer is interested in serving hot food (if approved by UBalt), the HVAC system in the larger section of the store may need to be updated at an investment of about \$10,000. If the proposer is interested in selling soup at the café, a new grease trap will be required at an investment of about \$5,000. There is coffee shop equipment and an oven available for use in the now-closed coffee bar; the equipment has not been used since March 2020. |
| 34   | 3 | Are there any limitations on graduation related sales?   | The University shall review the graduation regalia and related sales vendors and approve of the vendor used. The University expects to receive commission on the sale of graduation related items.   |
| 35   | 3 | What is your SIS on campus?  | Canvas by Instructure  |
| 36   | 3 | Would you desire to retain the current staff in place in the store?  | The current store staff consists of a manager and a clerk, both of whom are viewed very positively. University does not require that they be offered positions.  |
| 37   | 3 | Are there any plans to move or alter the current bookstore location?   | There are no plans at this time.   |
| 38   | 3 | Please provide CAD drawings and/or pictures of the existing bookstore.   | Photos are provided under Addendum 2. Also, see RFP Document: Exhibit 1, Floor Plan. CAD drawings are not available at this time.  |
| <b>End of Questions and Responses - Addendum 3</b> |   |  |  |
