

CONSIDER EARNING A MASTER'S IN ACCOUNTING AND BUSINESS ADVISORY SERVICES AT UB.

Are you interested in applying your economics degree to real-life business problems?

Are you interested in a career with huge advancement potential and excellent employment potential upon graduation?

Are you thinking about a career path that includes becoming a CPA?

QUICK FACTS:

- Our affordable program is uniquely designed to prepare you for several paths in public accounting with specific a strong focus on CPA exam preparation.
- We have an excellent faculty, the majority of whom are also CPAs and actively engaged in the accounting profession.
- We encourage students with and without a prior accounting background to apply to the program. We are in particularly interested in recruiting economic students with analytical, research and forecasting skills.
- We are connected with all major CPA firms in Maryland. In fact the for over 15 years and counting, the University of Baltimore has had the honor of having the most alumni leading the Baltimore-area's largest accounting firms.
- We provide excellent employment recruiting opportunities through the Merrick School of Business Chapter of Beta Alpha Psi, National Honorary Accounting Society.
- Our courses are offered in the evening and periodically online which is uniquely suited for working professionals.

UPON COMPLETION OF OUR PROGRAM, YOU WILL HAVE THE EDUCATION TO SIT FOR THE CPA EXAM AND KNOWLEDGE NECESSARY TO LAUNCH A CAREER IN:

- Traditional public accounting fields, such as audit and tax
- Internal Audit, Forensic and Risk Advisory Services
- Valuation and Litigation Consulting
- Information Systems
