1. Guideline Statement

1.1 Any University owned device that is designed to store data must be disposed of in a manner that complies with the requirements set by the State of Maryland. This guideline will document the procedures for a department to transfer the device to the Office of Technology Services (OTS), which will properly sanitize and dispose of the device.

2. Guideline Requirements

2.1 OTS must be notified when any electronic media is being retired or is no longer functioning. Individuals or departments may not dispose of any item. Requests to have items disposed of should be submitted to the OTS Call Center.

2.2 UBalt electronic media devices that cannot be carried by hand must be delivered to OTS; email the OTS Call Center to request a pickup of the UBalt media devices.

2.3 UBalt electronic media devices subject to this guideline include but are not limited to computers, hard drives, tablets, flash drives, laptops, University-owned cell phones, media discs, zip drives, printers, copiers, scanners, fax machines, and tape media.

2.4 Desktop Support Services will be responsible for sanitizing or disposing of all electronic media following approved documented procedures, regardless of whether a department or individual has removed all data.

3. Reason for Guideline

3.1 This guideline ensures that a formal process and methodology for electronic media disposal is followed. Data released to unauthorized organizations or individuals violates UBalt policy.
